

Back by popular demand... (this is a repeat of the courses we ran in February 2013)

The **New Forest Land Advice Service**, in partnership with the **New Forest Equine Forum**, invites you to attend a two-part evening course in

Equine nutrition and pasture management - how to get the best out of your paddock

Chaired by Fiona Macdonald of the New Forest Equine Forum

Lyndhurst Community Centre
12th and 19th September 2013 - 6.00pm to 9pm

£11.50 to attend both evenings - we recommend you attend both as they are designed as a course.
Tea, coffee, cake - Free Equine Year Planner and Hedgerow Management Guide

Booking only – please go online to <https://www.eventbrite.co.uk/event/7782753425> or if you do not have access to the internet please call Rachael Bowen on 01590 646632

Evening 1: 12th September 2013

Pasture and land management solutions

- How grasslands work; enhancing and managing them under different conditions - Elizabeth Ranelagh, Campaign for the Farmed Environment, Farming and Wildlife Advisory Group
- Choosing a seed mix with equine welfare in mind – Elizabeth Ranelagh
- Controlling invasive non-native plants – Catherine Chatters, New Forest Non-native Plants Project
- Hedgerows – how to create the best field edges for wildlife – Julie Stubbs, Land Advice Service

Evening 2: 19th September 2013

Pasture management relating to equine health and nutrition and pasture management solutions

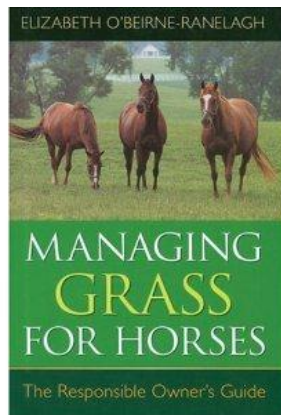

- Equine nutrition and mineral deficiency – Liz Bulbrook, Nutritionist, Baileys Horse Feeds
- Laminitis and Equine Cushings Syndrome - Martin Peaty, Veterinary Surgeon, Partner at The Barn Equine Surgery
- Prevention and control of injurious plants and other weeds (eg. Ragwort, Hemlock Water Dropwort, buttercups) – Seumas Foster, Agronomist
- Good Agricultural and Environmental Condition (hedgerows, watercourses, manure, weeds) – Seumas Foster

.....PTO
The New Forest Land Advice Service is funded by:

Speakers

Elizabeth Ranelagh keeps and breeds horses. She is the Regional Co-ordinator for the Campaign for the Farmed Environment in East Anglia and works for the Farming and Wildlife Advisory Group. She has written the book 'Managing grass for Horses – the responsible owner's guide' and wrote the Pony Club Guide to Pasture Management in 2010.

Liz Bulbrook is an Equine Nutritionist working for Bailey's Horse Feeds

Catherine Chatters works for the Hampshire and Isle of Wight Wildlife Trust where she heads up the Non-native Plant Project.

Martin Peaty BVSc, CertEP, CertES(Orth), MRCVS - Partner at The Barn Equine Surgery near Ringwood. Special interest in all lameness including laminitis. Holder of the Royal College of Veterinary Surgeons post graduate certificate in equine surgery/orthopaedics.

Seumas Foster is an agronomist who works for DEFRA's Farming Advice Service

Julie Stubbs is a Conservation Biologist and manages the New Forest Land Advice Service

Organisations and companies with sample products and/or information at the course:

Bright Seeds
Calcifert – lime products
Fenceguard – fencing, matting and other in-field products
Bailey's Horse Feeds
Catchment Sensitive Farming Project
New Forest Non-native Plants Project

If the demand is high enough, Hampshire Horse Watch can be there to security mark your tack. Please let us know when you book if you would like to bring your tack along to do this.
