

New Forest
DISTRICT COUNCIL

Inside your gate

Households within areas accessible to Commoners' livestock should keep rubbish and recycling inside your gate on collection day.

Please help us protect local livestock and keep your community litter free.

Black and clear sacks

Tie your bags and place them in plain sight just **inside your gate** or cattle grid by 6am on collection day. You can also place your sacks in a dustbin if you are concerned that animals or birds will tear them open.

Your team will collect the sacks from inside your gate.

Glass recycling

Place your black box in plain sight just **inside your gate** or cattle grid by 7am on collection day.

Your team will collect the box from inside your gate and place it back again after emptying.
