RESPONSIBILITY FOR THE STATEMENT OF ACCOUNTS

1. The Authority's Responsibilities

The Authority is required to:

- * make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this Authority, that officer is the Chief Finance Officer;
- * manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets;
- * approve the statement of accounts.

2. The Chief Finance Officer's Responsibilities

The Chief Finance Officer is responsible for the preparation of the Authority's statement of accounts in accordance with proper practices as set out in the Chartered Institute of Public Finance and Accountancy (CIPFA) Code of Practice on Local Authority Accounting in the United Kingdom ('the Code of Practice').

In preparing this statement of accounts, the Chief Finance Officer has:

- * selected suitable accounting policies and then applied them consistently;
- * made judgements and estimates that were reasonable and prudent;
- * complied with the Code of Practice;
- * kept proper accounting records which were up to date;
- * taken reasonable steps for the prevention and detection of fraud and other irregularities;
- * taken measures to ensure that risk is appropriately managed.

RESPONSIBILITY FOR THE STATEMENT OF ACCOUNTS

3. The Chief Finance Officer's Certificate

I certify that the statement of accounts presents fairly the financial position of New Forest National Park Authority at 31 March 2009 and the income and expenditure for that year ended.

Paul Carey-Kent – Chief Finance Officer

25 June 2009

4. Approval of the Accounts by the Authority

I confirm that these accounts were approved by Members of the Authority at the meeting held on the 25 June 2009.

Clive Chatters – Chairman of the Authority

25 June 2009

EXPLANATORY FOREWORD

1. INFORMATION ON FINANCIAL STATEMENTS

The purpose of this foreword is to provide a clear and understandable guide to the most significant matters reported in the financial statements.

Responsibility for the Statement of Accounts

This sets out the respective responsibilities of the Authority and the Chief Finance Officer for the accounts.

Statement of Accounting Policies

Discloses the accounting policies used by the National Park Authority in compiling the financial statements.

Income and Expenditure Account

Discloses the revenue expenditure and income by service for the year ended 31st March 2009.

Balance Sheet

Discloses the financial position of the Authority as at 31st March 2009.

Cash Flow Statement

Discloses the inflows and outflows of cash arising from the activities of the Authority for the year ended 31st March 2009.

Statement of Total Recognised Gains and Losses

This statement brings together gains and losses of the Authority for 2008/2009 and identifies those which are not reported through the Income and Expenditure Account.

Notes to the Accounts

Disclose more detailed information on the figures provided in the Income and Expenditure Account, Balance Sheet, Cash Flow Statement and Statement of Total Recognised Gains and Losses.

EXPLANATORY FOREWORD

2. FINANCIAL PERFORMANCE DURING THE YEAR

- Income and Expenditure Account

The original 2008/09 revenue budget was £4.548m, which was to be financed partly by contributions of £463,000 from the General Fund Reserve and £74,000 from earmarked reserves. Actual net budget underspends of £549,000 enabled actual contributions of £84,000 to be made to earmarked reserves and the contribution from the General Fund Reserve to be reduced to £72,000. However, an investment impairment of £160,000 increased the actual required contribution from the General Fund Reserve to £232,000. The reserve balances will largely be utilised to fund future years' expenditure.

- Capital Expenditure

During 2008/09 the Authority incurred capital expenditure of £105,713, which was all funded by a contribution from the General Fund. Expenditure was incurred as follows:

	2007/08	2008/09
	£	£
Computer Hardware	6,759	14,302
Computer Software	25,336	19,861
Other Equipment	23,884	71,550
	55,979	105,713

STATEMENT OF ACCOUNTING POLICIES

1. General

These accounts have been prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2008: A Statement of Recommended Practice, issued by the Chartered Institute of Public Finance and Accountancy (CIPFA). The guidance notes issued by CIPFA on the application of accounting standards have also been followed unless otherwise stated.

2. Fixed Assets

Expenditure on fixed assets is capitalised in the accounts on an accruals basis. Only expenditure that benefits the Authority for a period of more than one year is capitalised. This excludes spending on routine repairs and maintenance of fixed assets, which is charged directly to service revenue accounts.

A de minimis level is set for operational assets below which expenditure is not capitalised.

Category of asset	De minimis level
Land and Buildings	£10,000
Infrastructure Assets	£10,000
Community Assets	£10,000
Vehicles, Plant, Fittings & Equipment	£1,000

Fixed assets are valued on the basis recommended by the Statement of Recommended Practice issued by CIPFA, which is based on FRS11 issued by the Accounting Standards Board, and in accordance with the Statements of Asset Valuation Principles and guidance notes issued by the Royal Institute of Chartered Surveyors (RICS):

- Operational, non-specialised properties are valued at existing use value.
- Operational, specialised properties are valued at depreciated replacement cost.
- Non-operational assets, including investment properties and assets that are surplus to requirements, are included in the Balance Sheet at open market value.
- Assets, such as vehicles, plant and equipment, including intangible assets, are valued at historic cost.

Income from the disposal of fixed assets will be accounted for on an accruals basis. All receipts will be included in the Balance Sheet as Usable Capital Receipts until they are utilised for funding future capital expenditure.

STATEMENT OF ACCOUNTING POLICIES

3. Depreciation

Depreciation charges are accounted for in accordance with the Statement of Recommended Practice issued by CIPFA, which is based on FRS15, issued by the Accounting Standards Board.

Depreciation is provided on operational assets with a finite useful life. All depreciation is charged over the life of the asset, using the straight-line method and is applied from the date the asset is acquired.

The following table indicates the estimated remaining useful life of each type of asset owned by the Authority.

Type of Asset	Remaining Useful Asset Life at 31 March 2009
Tangible Fixed Assets	
Equipment - ICT Hardware	Up to 4 years
- Other Equipment	Up to 5 years
- Major Plant	7 years
- Vehicle	4 years
Premises (temporary building)	2 years
Intangible Assets	
Equipment - ICT Software	Up to 5 Years

The premises will have a longer remaining useful life than 2 years, but this period has been used in the accounts as the Authority’s accommodation may change after this time. The premises will have a residual value after 2 years, however it may not be retained by the Authority.

4 Investments

The Authority’s investments are recorded in the Balance Sheet at fair value. Generally this is the same as the original cost but one loan has been impaired due to partial anticipated default.

5. Interest

Interest income on external lending is accrued and accounted for in the accounts of the period to which it relates.

STATEMENT OF ACCOUNTING POLICIES

6. VAT

All of the amounts in the statement of accounts are shown net of VAT.

7. Foreign Currency Transactions

Any income and expenditure arising from transactions made in foreign currency has been translated into pounds sterling at the exchange rate in operation on the day of the transaction.

8. Pension costs

New Forest National Park's salaried employees and Members have their pensions administered through Hampshire County Council's superannuation fund. Detailed regulations govern rates of contribution and scales of benefits, the latter normally being in the form of a lump sum and annual pension.

Under the 2008 Statement of Recommended Practice, the Authority has adopted the amendment to FRS17, Retirement Benefits. As a result, quoted securities held as assets in the defined benefit pension scheme are now valued at bid price rather than mid-market value. The effect of this change is that the value of scheme assets at 31 March 2008 would have reduced by £3,000, increasing the overall pension deficit by £3,000. The accounts have however not been restated due to the immaterial amount and also that other offsetting assumptions used by the actuary mean that the overall reported pension deficit at 31 March 2009 in these accounts equals that shown in the actuary's report.

The pension scheme is detailed in note 8 to the financial statements.

9. Reserves

The Authority maintains a General Fund Reserve to meet general needs. Other reserves are either statutory or are held to meet specific future expenditure.

10. Debtors and Creditors

The accounts of the Authority are maintained on an accruals basis, in accordance with FRS18 Accounting Policies, i.e. sums due to or from the Authority are included whether or not the cash has actually been received or paid in the year.

INCOME AND EXPENDITURE ACCOUNT FOR THE YEAR ENDED 31st MARCH 2009

This account summarises the resources that have been generated and consumed in providing services and managing the Authority during the year. It includes all day-to-day expenses and related income on an accruals basis, as well as transactions measuring the value of fixed assets actually consumed and the real projected value of retirement benefits earned by employees in the year.

2007/08			2008/09

P Carey-Kent – Chief Finance Officer

25 June 2009

STATEMENT OF MOVEMENT ON THE GENERAL FUND BALANCE

The Income and Expenditure Account shows the Authority's performance for the year, measured in terms of the resources consumed and generated over the last twelve months. However, the Authority is required to apply its National Park Grant on a different accounting basis, the main differences being:

- Capital investment is accounted for as it is financed, rather than when fixed assets are consumed.
- Retirement benefits are charged as amounts become payable to the pension fund, rather than as future benefits are earned.

This reconciliation statement summarises the differences between the outturn on the Income and Expenditure Account and the General Fund Balance, including any transfers to/(from) reserves.

2007/08		2008/09
(287,807)	(Surplus)/Deficit for the year on the Income and Expenditure Account	122,654
88,539	Net additional amount required by statute and non-statutory proper practices to be debited or credited to the General Fund Balance for the year	109,091
(199,268)	(Increase)/Decrease in the General Fund Balance for the year	231,745
(1,733,277)	General Fund Balance brought forward	(1,932,545)
(1,932,545)	General Fund Balance carried forward	(1,700,800)
(1,932,545)	Amount of General Fund Balance generally available for new expenditure	(1,700,800)

NOTE OF RECONCILING ITEMS FOR THE STATEMENT OF MOVEMENT ON THE GENERAL FUND BALANCE

2007/08		2008/09
£		£

NOTES TO THE FINANCIAL STATEMENTS

1. Best Value Accounting Code of Practice (BVACOP)

The Income and Expenditure Account analyses the expenditure and income of the Authority in the format set out in the BVACOP for National Park Authorities.

2. Publicity and Advertising

Section 5(1) of the Local Government Act 1986 requires the National Park Authority to declare the amount of money spent on publicity. Publicity and promotions includes leaflets promoting attractions to visit the Park, the visitor newspaper and public relations costs.

	2007/08	2008/09
	£	£
Advertising staff vacancies	12,023	39,975
Publicity and promotions	142,982	127,215
Other advertising	0	0
	155,005	167,190

3. Employee Remuneration

The number of employees whose remuneration, excluding pension contributions, fell in each £10,000 band over £50,000 was:

Remuneration Band	Number of Employees 2007/08	Number of Employees 2008/09
£90,000 - £99,999	1	1
£80,000 - £89,999	0	0
£70,000 - £79,999	0	1
£60,000 - £69,999	2	1
£50,000 - £59,999	0	3

4. Interest Payable/Interest and Investment Income

These items represent the gross interest payable and receivable on all investments, cash flow borrowings and other transactions.

NOTES TO THE FINANCIAL STATEMENTS

5. Members' Allowances

During 2008/09, payments to Members of the National Park amounted to £56,762. This sum includes all allowances plus travel and subsistence payments.

6. Audit Costs

The New Forest National Park Authority incurred the following fees relating to external audit:

	2007/08	2008/09
	£	£
Fees payable to the Audit Commission with regard to external audit services carried out by the appointed auditor	26,392	22,400
Fees payable to the Audit Commission for the certification of grant claims	1,500	0
Fees payable in respect of other services provided by the appointed auditor	0	0
	27,892	22,400

7. Related Party Transactions

The Authority is required to disclose material transactions with related parties – bodies or individuals that have the potential to control or influence the Authority or to be controlled or influenced by the Authority. Disclosure of these transactions allows readers to assess the extent to which the Authority might have been constrained in its ability to limit another party's ability to bargain freely with the Authority.

Central Government has effective control over the general operations of the Authority. It is responsible for providing the statutory framework within which the Authority operates, provides the majority of funding in the form of grants and prescribes the terms of many of the transactions that the Authority has with other parties. Details of transactions with government departments are set out in this document.

Both Hampshire County Council and New Forest District Council provide financial and other support services to the Authority.

There were no material transactions with any chief officers, Members or any other related parties during the year.

NOTES TO THE FINANCIAL STATEMENTS

8. Pensions

a) Transactions relating to Retirement Benefits

As part of the terms and conditions of employment the Authority offers retirement benefits. Although these benefits will not actually be payable until employees retire, the Authority has a commitment to make the payments that needs to be disclosed at the time that employees earn their future entitlement.

The Authority participates in the Hampshire County Council Pension Fund. This is a funded deferred benefit final salary scheme, meaning that the Authority and employees pay contributions into a fund, calculated at a level intended to balance the pension liabilities with the investment assets.

The Authority recognises the cost of retirement benefits in the Net Cost of Services when employees earn them, rather than when the benefits are eventually paid out as pensions. However the charge required to be made against the General Fund is based on the cash payable in the year, so the real cost of retirement benefits is reversed out of the Income and Expenditure Account within the Statement of Movement on the General Fund balance. The following transactions have been made in the General Fund during the year:

General Fund Transactions	2007/08	2008/09
	£	£
Income and Expenditure Account		
Net Cost of Service		
Current service cost	374,000	239,000
Past Service Cost	150,000	58,000
Net Operating Expenditure		
Interest Cost	92,000	267,000
Expected return on assets in the scheme	(94,000)	(201,000)
Net Charge to the Income and Expenditure Account	522,000	363,000
Statement of Movement on the General Fund Balance		
Movement on pensions reserve	(114,000)	31,000
Actual amount charged against the General Fund		
Employers' contributions payable to the scheme	408,000	394,000

New Forest National Park's standard contribution rate in 2008/09 was 18.1% of members' pay. The contribution rate also certified at the 31 March 2007 valuation for April 2009 to March 2010 is 18.6% of members' pay.

NOTES TO THE FINANCIAL STATEMENTS

In 2008/2009 the National Park paid an employer's contribution of £394,000 into the Hampshire County Council Pension Fund.

In addition to the recognised gains of £31,000 (£114,000 losses in 2007/08) included in the Income and Expenditure Account, actuarial losses of £1,378,000 (£487,000 in 2007/08) are included in the Statement of Total Recognised Gains and Losses.

b) Assets and Liabilities in relation to Retirement Benefits

The underlying assets and liabilities for retirement benefits attributable to the Authority at 31 March are as follows:

Assets and Liabilities	31 March 2006	31 March 2007	31 March 2008	31 March 2009
	£	£	£	£
Estimated liabilities in scheme	(718,000)	(1,472,000)	(3,734,000)	(4,928,000)
Estimated assets in scheme	521,000	1,208,000	2,869,000	2,716,000
Net asset/(liability)	(197,000)	(264,000)	(865,000)	(2,212,000)

The liabilities show the underlying commitments that the Authority has in the long-run to pay retirement benefits. The total net liability of £2,212,000 has a substantial impact on the net worth of the authority as recorded in the Balance Sheet. However, statutory arrangements for funding the deficit mean that the financial position of the Authority remains healthy as the deficit on the scheme will be made good by increased contributions over the remaining working life of employees, as assessed by the scheme actuary.

In accordance with the revised FRS17, the assets for the current period are measured at current bid price, whereas in previous years they were valued at mid-market values. The impact of restating the figures for the year ended 2008, as required by FRS17, would be to reduce the asset value by £3,000. This has not been reflected due to the immaterial impact and as other assumptions made by the actuary offset this amount leaving a net liability of £2,212,000, in accordance with the latest actuary valuations.

Past Service Costs	(150,000)	(58,000)
31st March	(3,734,000)	(4,928,000)

Reconciliation of Fair Value of the Scheme Assets

	2007/08	2008/09
	£	£
1st April	1,209,000	2,869,000
Expected Return on Assets	94,000	201,000
Actuarial Gains/(Losses) on Assets	1,081,000	(845,000)
Contributions by the Employer	408,000	394,000
Contributions by Participants	111,000	136,000
Net Benefits Paid Out	(34,000)	(39,000)
31st March	2,869,000	2,716,000

The expected return on assets is determined by considering the expected returns available on the assets underlying the current investment policy. The actual return on assets in the year was a loss of £644,000 (2007/08 gain was £1,175,000).

c) Basis for estimating Assets and Liabilities

Liabilities have been assessed on an actuarial basis using the projected unit method, an estimate of the pensions that will be payable in future years dependent on assumptions about mortality rates, salary levels, etc. The liabilities have been assessed by Hewitt Associates Limited, an independent firm of actuaries, estimates for the Fund being based on the latest full valuation of the scheme as at 1 April 2007.

NOTES TO THE FINANCIAL STATEMENTS

The main assumptions used in their calculations have been:

Financial Assumptions	31 March 2008	31 March 2009
	%	%
Rate of inflation	3.7	3.7
Rate of increase in salaries	5.2	5.2
Rate of increase in pensions	3.7	3.7
Rate of increase in deferred pensions	3.7	3.7
Rate for discounting scheme liabilities	6.8	6.4

Mortality Assumptions	31 March 2008	31 March 2009
	Years	Years
Future lifetime from age 65 (currently aged 65)		
Males	21.3	22.2
Females	23.4	24.2
Future lifetime from age 65 (currently aged 45)		
Males	23.2	24.5
Females	24.6	26.4

31 March 2008			Assets	31 March 2009		
£	%	Long-Term Return %		£	%	Long-Term Return %
1,778,780	62	7.6	Equities	1,499,230	55	7.0
745,940	26	4.6	Government Bonds	744,190	28	4.0
0	0	6.8	Corporate Bonds	105,920	4	5.8
172,140	6	6.6	Property	198,270	7	6.0
172,140	6	6.0	Other Assets	168,390	6	1.6
		6.7	Average			5.7
2,869,000	100		Total	2,716,000	100	

The Authority employs a building block approach in determining the rate of return on Fund assets. Historical markets are studied and assets with higher volatility are assumed to generate higher returns consistent with widely accepted capital market principles. The assumed rate of return on each asset class is set out within this note. The overall expected rate of return on assets is then derived by aggregating the expected return for each asset class over the actual asset allocation for the fund at 31 March 2009.

NOTES TO THE FINANCIAL STATEMENTS

d) History of Experience Gains and Losses

The actual gains and losses identified as movements on the Pensions Reserve can be analysed into the following categories:

	31 March 2006	31 March 2007	31 March 2008	31 March 2009
	£	£	£	£
Experience gains/(losses) on assets	34,000	(1,000)	1,081,000	(845,000)
Experience gains/(losses) on liabilities		0	(1,970,000)	(1,000)
Liability gains/(losses) due to assumption changes	(69,000)	9,000	402,000	(532,000)
Total Actuarial Gain/(Loss)	(35,000)	8,000	(487,000)	(1,378,000)

e) Movement in the Pensions Reserve

2007/08	Pensions Reserve	2008/09
£		£
(264,000)	Net Liability at 1 April	(865,000)
	Movement in year:	
	Operating Charge	
(374,000)	Current Service Costs	(239,000)
(150,000)	Past Service Costs	(58,000)
	Contributions	
408,000	Cash paid - Funded Liabilities	394,000
	Finance Income	
94,000	Expected Return on Assets	201,000
(92,000)	Interest on Liabilities	(267,000)
(487,000)	Actuarial Gain/(Loss)	(1,378,000)
(865,000)	Net Liability at 31 March	(2,212,000)

NOTES TO THE FINANCIAL STATEMENTS

9. Impairment

The value of each asset is reviewed at the end of each year for evidence of reductions in value. Where impairment is identified the loss is generally charged to the relevant revenue account or written off against any revaluation gains in the revaluation reserve.

In 2008/09 an impairment of a financial instrument occurred when an Icelandic bank defaulted on its debt repayment. Although it is anticipated that 80% of the amounts due will be recovered, an anticipated loss of £159,729 (£143,776 principal and £15,953 interest) has been included in the Income and Expenditure account.

10. Grant Income

New Forest National Park Authority received Parliament approved grant of £4,010,965 from the Department of the Environment, Food and Rural Affairs.

11. Fixed Assets

a) Valuation of Fixed Assets

The premises asset was initially valued on 31 March 2006 and has been revalued each year since, with the last valuation on 31 March 2009. All valuations were completed by the New Forest District Council's internal valuer, R Edwardes-Jones (FRICS). They were completed in accordance with the principles of the Royal Institution of Chartered Surveyors Appraisal and Valuation Manual, as agreed with the Chartered Institute of Public Finance and Accountancy (CIPFA) in 1996. All information was obtained from site inspection.

Vehicles, plant and equipment assets and intangible assets are valued at historic cost and are depreciated over the estimated lives of the individual items.

NOTES TO THE FINANCIAL STATEMENTS

b) Valuation of assets carried at Current Value

The following statement shows the progress of the Authority's rolling programme for the revaluation of fixed assets. The basis for valuation is set out in the statement of accounting policies.

	Valued at Historic Cost	Valued at Current value in 2005/06	Change in value in 2006/07	Change in value in 2007/08	Change in value in 2008/09	Total
	£		£	£	£	£
Land and Buildings		165,000	(37,000)	(30,500)	(24,300)	73,200
Vehicles, Plant and Equipment	221,875					221,875
Intangible Assets	237,667					237,667
Total	459,542	165,000	(37,000)	(30,500)	(24,300)	532,742

These valuations show the gross current value before depreciation is applied.

c) Movements in Assets during the year

Movements in Fixed Assets	Land & Buildings	Plant & Equipment	Intangible Assets	Total
	£	£	£	£
Certified valuation at 31 March 2008	97,500	136,023	217,806	451,329
Accumulated depreciation & impairment		(54,859)	(80,144)	(135,003)
Net book value of assets at 31 March 2008	97,500	81,164	137,662	316,326
Movement in 2008/09				
Additions		85,852	19,861	105,713
Revaluations & Adjustments				
Disposals				
Impairment	(24,300)			(24,300)
Depreciation		(42,518)	(45,199)	(87,717)
Net book value of assets at 31 March 2009	73,200	124,498	112,324	310,022

NOTES TO THE FINANCIAL STATEMENTS

d) Analysis of Assets

The following list shows the range and number of assets owned by the Authority.

	2007/08	2008/09
Administration Building	1	1
Vehicle	0	1
Plant	1	1
Other Equipment	5	13
ICT Hardware	84	108
ICT Software	5	7

e) Intangible Assets

The intangible assets comprise wholly of computer software and software licences. These are recorded at historic cost and are depreciated over their lives (estimated at 5 years) on a straight-line basis, commencing from date of acquisition. The depreciation charged for intangible assets in 2008/09 was £45,199.

12. Capital Expenditure and Financing

Capital expenditure may be financed in various ways, including borrowing, the use of internal resources, the receipt of grants or contributions and directly from revenue income.

A requirement of capital accounting is that the Capital Financing Requirement (CFR) needs to be calculated. The CFR shows the overall indebtedness of the Authority. The Authority has no debt, as the Authority's capital expenditure has been fully financed from the revenue account.

This table sets out the transactions required for the financing of capital expenditure for 2008/09.

	2007/08	2008/09
	£	£
Opening Capital Financing Requirement	0	0
Capital Investment		
Operational Assets	30,643	85,852
Intangible Assets	25,336	19,861
Sources of Finance		
Revenue Provision	(55,979)	(105,713)
Closing Capital Financing Requirement	0	0

NOTES TO THE FINANCIAL STATEMENTS

13. Debtors and Payments in Advance

An analysis of the Authority's debtors and payments in advance as at 31 March is shown below. It relates to sums of money owed to the Authority for goods and services supplied during the year, but not paid for by 31 March, or where the Authority has paid for goods and services in advance of this date but where service provision is not receivable until the next financial year.

	2007/08	2008/09
	£	£
HM Revenues & Customs	56,508	53,594
Payments in Advance	33,837	84,275
Accrued Interest Receivable	49,358	16,036
Other Debtors	198,700	14,821
	338,403	168,726

14. Stock

At 31 March 2009 the Authority held goods for resale with a value of £186.

15. Current Liabilities

An analysis of the Authority's current liabilities as of 31 March is shown below. It relates to sums of money owed by the Authority for goods and services received during the year, but not paid for by 31 March, or where the Authority has been paid for goods and services in advance of this date but where service provision is not due until the next financial year.

	2007/08	2008/09
	£	£
New Forest District Council	247,443	10,575
Hampshire County Council	63,938	44,412
Other creditors and receipts in advance	323,783	360,821
Bank Overdraft	0	17,802
	635,164	433,610

NOTES TO THE FINANCIAL STATEMENTS

16. Capital Adjustment Account

This account records the financing of capital expenditure from sources other than loan.

Capital Adjustment Account	2007/08	2008/09
	£	£
Balance 1 April	(360,844)	(316,326)
Depreciation Charge	69,997	87,717
Impairment Charge	30,500	24,300
Financing of Capital Expenditure from Revenue Resources	(55,979)	(105,713)
Balance 31 March	(316,326)	(310,022)

17. Revaluation Reserve

The Revaluation Reserve was a new requirement in 2007/08. As there have been no revaluation gains in 2007/08 or 2008/09 the balance on the account remains as zero.

NOTES TO THE FINANCIAL STATEMENTS

18. Reconciliation of Surplus for the Year to Net Cash Inflow from Revenue Activities

This statement reconciles the net surplus or deficit on the Income and Expenditure Account to the Revenue Activities Net Cash Flow in the Cash Flow Statement.

	2007/08	2008/09
	£	£
Revenue Deficit/(Surplus) for the year	(287,807)	122,654
Non Cash Transactions		
Depreciation and Impairment of Fixed Assets	(100,497)	(112,017)
Additional retirement charges in accordance with FRS17	(114,000)	31,000
Items in Income & Expenditure Account relating to another section of the cash flow		
Interest Received	150,521	176,072
Interest Paid	(896)	(624)
Accruals:		
Increase/(Decrease) in debtors	111,380	(169,677)
(Increase)/Decrease in creditors	539,298	219,356
Increase/(Decrease) in stocks	472	(286)
Net cash inflow from revenue activities	298,471	266,478

19. Movement of Cash

This table shows the movement in cash in hand and at the bank during the year.

	At 1 April 2008	Cash change in year	At 31 March 2009
	£	£	£
Cash in hand	143	26	169
Cash in bank / (overdraft)	5,352	(23,154)	(17,802)
	5,495	(23,128)	(17,633)

NOTES TO THE FINANCIAL STATEMENTS

20. Contributions Deferred

This account reflects developers' contributions received that will be released to finance future years capital expenditure.

	2007/08	2008/09
	£	£
Balance 1 April	(16,783)	(56,196)
Contributions Received	(39,413)	(104,839)
Contributions Released	0	0
Balance 31 March	(56,196)	(161,035)

21. Financing and Management of Liquid Resources

This table shows the movement in temporary investments during the year.

	Balance at 1 April 2008	Movement in year	Balance at 31 March 2009
	£	£	£
Temporary Investments	2,750,000	(368,103)	2,381,897
	2,750,000	(368,103)	2,381,897

22. Movement in General Fund Reserve

The Authority retains a General Fund Reserve to cover contingencies and unforeseen expenditure. This table shows the movement in the year. The balance will largely be used to fund future years' expenditure.

	Balance at 1 April 2008	Net Movement in year	Balance at 31 March 2009
	£	£	£
General Fund	(1,932,545)	231,745	(1,700,800)
Total	(1,932,545)	231,745	(1,700,800)

NOTES TO THE FINANCIAL STATEMENTS

23. Movement in Earmarked Reserves

The Authority has created a number of earmarked reserves to cover expenditure in future years. This table details those reserves and their movement during the year.

	Balance 1 April 2008	Net Movement in year	Balance 31 March 2009
	£	£	£
Sustainable Development	(189,330)	(88,395)	(277,725)
Local Development Framework	(65,000)		(65,000)
Donations	(135)		(135)
Compliance Officer	(26,000)	26,000	0
SSSI Restoration	(190,000)	(22,000)	(212,000)
Total	(470,465)	(84,395)	(554,860)

24. Long-Term Investments

Money Market Investment

The Authority is permitted to lend a proportion of its funds for more than 364 days. At 31 March 2009 the Authority had made no decision to lend funds on a long term basis. However, because the Icelandic bank in default has announced payments over periods of greater than 364 days from 31 March 2009 these deferred amounts are now classified as long-term investments.

	31 March 2008	31 March 2009
	£	£
Money Market Investments	0	299,327

NOTES TO THE FINANCIAL STATEMENTS

25. Financial Instruments Balances

The borrowings and investments disclosed in the balance sheet are made up of the following categories of financial instruments:

	Long-Term		Current	
	31 March 2008	31 March 2009	31 March 2008	31 March 2009
	£	£	£	£
Financial liabilities at amortised cost	0	0	0	0
Total Borrowings	0	0	0	0
Loans and Receivables	0	299,327	2,750,000	2,381,897
Accounting Adjustment	0	0	0	0
Loans & receivables at amortised cost	0	299,327	2,750,000	2,381,897
Financial Assets at fair value through the I&E a/c	0	0	0	0
Total Investments	0	299,327	2,750,000	2,381,897

The balances for 31 March 2009 include the anticipated figures relating to the impaired investment with the Icelandic bank in default.

26. Allowance for Credit Losses

The gains and losses recognised in the Income and Expenditure Account and Statement of Recognised Gains and Losses in relation to financial instruments are set out in the following table:-

Any impairment of a financial asset is to be reflected in the carrying amount with the impairment loss being charged to the Income and Expenditure Account.

NOTES TO THE FINANCIAL STATEMENTS

In October 2008 an investment was held with an Icelandic bank which failed. Guidance from CIPFA has recommended that a recovery figure of 80% be used to calculate an impairment figure for inclusion in the Income and Expenditure Account.

	2007/08		2008/09	
	Financial Liabilities – amortised cost £	Loans and Receivables £	Financial Liabilities – amortised cost £	Loans and Receivables £
Interest Expense	896		624	
Impairment Losses		0		159,729
Interest Income		(185,338)		(158,703)
Net Gain/(Loss) for the year	896	(185,338)	624	1,026

27. Key Risks

As with any organisation, the Authority's activities expose it to a variety of financial risks in the application of financial instruments. The Authority does not require debt financing and currently does not have any debt exposure. As such the key risks are in relation to financial assets and are:

- Credit risk – the possibility that other parties might fail to pay amounts due to the Authority;
- Liquidity risk – the possibility that the Authority might not have funds available to meet its commitments to make payments;
- Re-financing risk – the possibility that the Authority might be requiring to renew a financial instrument on maturity at disadvantageous interest rates or terms;
- Market risk - the possibility that financial loss might arise for the Authority as a result of changes in such measures as interest rates movements.

NOTES TO THE FINANCIAL STATEMENTS

28. Overall Procedures for Managing Risk

The Authority's overall risk management procedures focus on the unpredictability of financial markets, and implementing restrictions to minimise these risks. The procedures for risk management are set out through a legal framework set out in the *Local Government Act 2003* and the associated regulations. These require the Authority to comply with the CIPFA Prudential Code, the CIPFA Treasury Management in the Public Services Code of Practice and Investment Guidance issued through the Act. Overall these procedures require the Authority to manage risk in the following ways:

- by formally adopting the requirements of the Code of Practice;
- by approving annually in advance prudential indicators for the following three years limiting:
 - The Authority's overall borrowing;
 - Its maximum and minimum exposures to fixed and variable rates;
 - Its maximum and minimum exposures to the maturity structure of its debt;
 - Its maximum annual exposures to investments maturing beyond a year.
- by approving an investment strategy for the forthcoming year setting out its criteria for both investing and selecting investment counterparties in compliance with the Government Guidance;

These are required to be reported and approved at or before the Authority's annual budget setting. These items are reported with the annual treasury management strategy which outlines the detailed approach to managing risk in relation to the Authority's financial instrument exposure. Actual performance is also reported annually to the Members.

These policies are implemented by a central treasury team. The Authority maintains written principles for overall risk management, as well as written policies covering specific areas, such as interest rate risk, credit risk, and the investment of surplus cash through Treasury Management Practices (TMPs). These TMPs are a requirement of the Code of Practice and are reviewed regularly.

NOTES TO THE FINANCIAL STATEMENTS

29. Credit Risk

Credit risk arises from deposits with banks and financial institutions, as well as credit exposures to the Authority's customers.

This risk is minimised through the Annual Investment Strategy, which requires that deposits are not made with financial institutions unless they meet identified minimum credit criteria, in accordance with the Fitch, Moody's and Standard & Poors Ratings Services. The Annual Investment Strategy also imposes a maximum amount and time to be invested with a financial institution located within each category. Deposits are not made with banks and financial institutions unless they meet the minimum requirements of the investment criteria.

The following analysis summarises the Authority's maximum exposure to credit risk. The table (from Fitch) gives details of global corporate financial average cumulative default rates (including financial organisations) for the period 1990 – 2007 for investments of up to 5 years.

Deposits with banks and financial institutions:	Amount at 31 March 2009 £	Historical experience of default %	Market Conditions at 31 March 2009 %	Estimated maximum exposure to default £
AAA rated counterparties	0	0.00%	0.00%	0
AA rated counterparties	875,000	0.06%	0.06%	525
A rated counterparties	500,000	0.65%	0.65%	3,250
Other counterparties	1,306,224	0.65%	0.65%	8,490
Bonds – AAA rates	0	0.00%	0.00%	0
Trade Debtors	168,726	0.85%	0.85%	1,434
Total	2,849,950			13,699

Whilst the current credit crisis in international markets has raised the overall possibility of default, the Authority maintains strict credit criteria for investment counterparties.

The Authority also uses non credit rated institutions (for instance smaller building societies or bank subsidiaries where the parent has a satisfactory rating). In these circumstances investments held have been classified as "other counterparties".

In October 2008 the Icelandic banking sector defaulted on its obligations. The Authority had £500,000 invested in this sector at that time. In accordance with accounting practice the Authority has been notified of objective evidence that impairment has occurred and the investment has been impaired according to accounting requirements.

The investment with the Icelandic bank in default is shown at its impaired value within the category for "other counterparties".

NOTES TO THE FINANCIAL STATEMENTS

The Authority does not generally allow credit for its trade debtors, such that all of the balance is past its due date for payment. The past due amount can be analysed by age as follows:

	31 March 2008 £	31 March 2009 £
Less than three months	338,403	168,726
Three months to one year	0	0
More than one year	0	0
Total	338,403	168,726

Collateral – During the reporting period the Authority held no collateral as security.

30. Liquidity Risk

The Authority manages its liquidity position through the risk management procedures set out in note 28 (the setting and approval of prudential indicators and the approval of the treasury and investment strategy reports), and through cash flow management procedures required by the Code of Practice. This seeks to ensure that cash is available when it is needed.

In the event of an unexpected cash requirement the Authority has ready access to borrowings from the Money Markets to cover any day to day cash flow need. The Authority is also required to provide a balanced budget through the Local Government Finance Act 1992, which ensures sufficient monies are raised to cover annual expenditure. There is therefore no significant risk that it will be unable to raise finance to meet its commitments under financial instruments.

31. Refinancing and Maturity Risk

The Authority maintains an investment portfolio. Whilst the cash procedures set out in earlier notes are considered against the refinancing risk procedures, longer term risk to the Authority relates to managing the exposure to replacing financial instruments as they mature. This risk relates to the maturing of longer financial assets.

The approved prudential indicator limits investments placed for greater than one year in duration and are the key parameters used to address this risk. The Authority approved treasury and investment strategies address the main risks and the central treasury team address the operational risks within the approved parameters. This includes monitoring the maturity profile of investments to ensure sufficient liquidity is available for the Authority's day to day cash flow needs, and the spread of longer term investments provide stability of maturities and returns in relation to the longer term cash flow needs.

NOTES TO THE FINANCIAL STATEMENTS

The Authority has no longer term financial liabilities. The maturity analysis of financial assets is as follows:

	31 March 2008	31 March 2009
	£	£
Less than one year	2,750,000	2,381,897
Between one and two years	0	136,943
Between two and three years	0	67,704
More than three years	0	94,680
Total	2,750,000	2,681,224

The cash flow expectations, in relation to the investment with the Icelandic bank in default, are reflected in the phasing of repayments identified in the table above.

32. Market Risk

Interest rate risk – The Authority is exposed to interest rate movements on its investments. Movements in interest rates have an impact on the Authority. For instance, a rise in variable and fixed interest rates would have the following effects:-

- Borrowing at variable rates – the interest charged to the Income and Expenditure Account will rise. This Authority undertook a limited amount of very short-term cash flow borrowing in 2008/09 and as such this can be classed as variable borrowing rates;
- Investments at variable rates – the interest income credited to the Income and Expenditure Account would rise; and
- Investments at fixed rates – the fair value of the assets would fall for tradeable investments. Where investments are straight forward fixed rate investments the investment will be valued at amortised cost, effectively the principal investment, and the interest is credited to the Income and Expenditure Account. Where investments have short maturity periods the effect will be similar to that for variable rate investments as the replacement investments would generate more income to the Income and Expenditure Account.

Changes in interest payable and receivable on variable rate investments will be posted to the Income and Expenditure Account and directly effect the General Fund Balance pound for pound. Movements in the fair value of any fixed rate investments that have a quoted market price will be reflected in the Statement of Recognised Gains and Losses, unless the investments have been designated as Fair Value through the Income and Expenditure Account, in which case gains and losses will be posted to the Income and Expenditure Account.

NOTES TO THE FINANCIAL STATEMENTS

The Authority has a number of strategies for managing interest rate risk. The annual treasury management strategy draws together the Authority's prudential indicators and its expected treasury operations, including an expectation of interest rate movements. From this strategy a prudential indicator is set which provides maximum and minimum limits for fixed and variable interest rate exposure. The central treasury team will monitor market and forecast interest rates within the year to adjust exposures appropriately. For instance during periods of falling interest rates, and where economic circumstances make it favourable, fixed rate investments may be taken for longer periods to secure better long-term returns.

If all interest rates had been 1% higher (with all other variables held constant) the financial effect would be:-

	£
Increase in interest payable on variable rate borrowings	119
Increase in interest receivable on variable rate investments	(25,133)
Impact on Income and Expenditure Account	(25,014)

	£
Increase in fair value of fixed rate investment assets	0
Impact on Statement of Recognised Gains and Losses	0

The approximate impact of a 1% fall in interest rates would be as above but with the movements being reversed. These assumptions are based on the same methodology as used in note 33 – Fair value of Assets and Liabilities carried at Amortised Costs.

Price Risk – The Authority has no equity shares or shareholdings. It therefore has no exposure to loss arising from movements in share prices.

Foreign Exchange Risk – The Authority has no financial assets or liabilities denominated in foreign currencies. It therefore has no exposure to loss arising from movements in exchange rates.

33. Fair value of Assets and Liabilities carried at Amortised Cost

The Authority has no financial liabilities. Financial assets are represented by loans and receivables and are carried on the balance sheet at amortised cost. Their fair value can be assessed by calculating the present value of the cash flows that take place over the remaining life of the instruments, using the following assumptions:-

NOTES TO THE FINANCIAL STATEMENTS

For loans receivable prevailing benchmark market rates have been used to provide the fair value.

No early repayment or impairment is recognised other than the impairment issues with the Icelandic bank in default.

Where an instrument has a maturity of less than 12 months or is a trade or other receivable the fair value is taken to be the invoiced or billed amount.

The fair values calculated are as follows:-

	31 March 2008		31 March 2009	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
	£	£	£	£
Money Market Investments shorter than 1 year	2,750,000	2,750,000	2,381,897	2,381,897
Money Market Investments longer than 1 year	0	0	299,327	299,327
Bonds	0	0	0	0
Trade Debtors	338,403	338,403	168,726	168,726
Total Loans and Receivables	3,088,403	3,088,403	2,849,950	2,849,950

Any differences are attributable to fixed interest instruments receivable being held by the authority whose interest rate is higher/lower than the prevailing rate estimated to be available at 31 March. This increases/decreases the fair value of loans and receivables.

These fair values have been calculated by using comparative market rates prevailing at each balance sheet date. In practice, rates will be determined by the size of the transaction and the counterparty, but it is impractical to use these figures, and the difference is likely to be immaterial.

NOTES TO THE FINANCIAL STATEMENTS

34. Authorisation of Accounts for issue

Following the principles of FRS 21 Events after the Balance Sheet date, this Statement of Accounts is authorised for issue on 25 September 2009.

NEW FOREST NATIONAL PARK AUTHORITY ANNUAL GOVERNANCE STATEMENT

1. Scope of responsibility

- 1.1 The New Forest National Park Authority is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively.
- 1.2 The Authority also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.
- 1.3 In discharging this overall responsibility, the Authority is also responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of the Authority's functions and which includes arrangements for the management of risk.
- 1.4 On 18 May 2006, the Authority approved and adopted a Code of Corporate Governance, which is consistent with the guidance issued by CIPFA/Solace. A review of compliance with the Code is carried out on an annual basis by the Chief Executive, Monitoring Officer and Chief Finance Officer. A copy of the Code is published on the Authority's website and can be obtained from Member Services. This statement explains how the Authority has complied with the Code and also meets the requirements of Regulation 4(2) of the Accounts and Audit Regulations 2003 as amended by the Accounts and Audit (Amendment) (England) Regulations 2006 in relation to the publication of a statement on internal control.

2. The purpose of the governance framework

- 2.1 The governance framework comprises the systems and processes, and culture and values, by which the Authority is directed and controlled and through which it accounts to, engages with and leads the community. It enables the Authority to monitor the achievement of its strategic priorities and to consider whether these priorities have led to the delivery of appropriate, cost-effective services.
- 2.2 The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives, and can therefore only provide reasonable and not absolute assurance of effectiveness.
- 2.3 The system of internal control is based on an ongoing process designed to identify and prioritise the risk to the achievement of the Authority's aims, objectives and policies, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

- 2.4 The system of internal control has been in place within the Authority for the year ended 31 March 2009 and up to the date of approval of the annual report and Statement of Accounts.

3. Community focus

- 3.1 Through carrying out its general statutory duties and responsibilities in connection with the two national park purposes, the Authority seeks to work for and with the local community to foster the social and economic wellbeing of communities within the National Park.
- 3.2 Through the publication of its annual accounts for the year 2008-2009, the Authority provides for explicit accountability to stakeholders for its performance, effectiveness in the delivery of services, and the sustainable use of resources.
- 3.3 The Authority sets out its high level priorities and objectives for the National Park in a national park management plan. The Strategy for the New Forest 2003 was adopted as the interim National Park Management Plan in May 2005. During 2008-2009 the Authority continued the development of the successor document - New Forest National Park Plan - which combines both the new national park management plan and the Local Development Framework Core Strategy. Following extensive community engagement throughout the autumn and winter of 2007/2008, a consultation draft of the National Park Plan was issued in August 2008 for a 10 week consultation period, subsequently extended to 12 weeks. The Plan generated an unexpectedly high level of responses, and negative reaction. As a result the Authority embarked on an additional round of discussion with key stakeholders and respondents and the deadline for completing the Plan was extended to ensure that both the initial consultation responses and issues arising from the further period of engagement could be fully reflected in the revised Plan which is now due for approval in autumn 2009.
- 3.4 The Authority's annual Corporate Plan translates the aim and objectives from the National Park Plan into priority objectives, actions and operational and service targets for the Authority's own work. The Corporate Plan for 2008-2009 was published at the end of June 2008 and performance against targets and indicators was reviewed on three occasions by the Management Board and twice by the Resources and Performance Committee. The Plan presents an objective and understandable account and assessment of the Authority's activities, alongside the separate reports of its financial position and performance.
- 3.5 The Authority has been subject to a full and independent audit of the financial management arrangements in place for 2008-2009. Reports issued by external auditors are considered by the Authority's Resources and Performance Committee.

- 3.6 The Authority has developed and maintained a range of relationships and arrangements with other agencies in the public, private and voluntary sectors, to ensure that they are able to engage with and contribute to the work of the Authority.
- 3.7 The Authority appointed member representatives on the Court of Verderers, the Hampshire and Isle of Wight Local Government Association and its Improvement Board, the Central Hampshire and New Forest Leaders' Group, New Forest District Local Strategic Partnership, North Solent Shoreline Management Plan – Members' Group and the South East England Regional Assembly. In March 2009 the Chairman was invited to become the national parks' representative on the South East England Councils' Leaders Board, and on an interim basis the South East England Partnership Board, under the new arrangements arising from the sub-national review.
- 3.8 Reports from the New Forest Access Forum and New Forest Consultative Panel are received regularly at meetings of the Authority, and considered by members. Partnership arrangements have been developed with the Ninth Centenary Trust for joint delivery of interpretation facilities in Lyndhurst, and with the Forestry Commission and Hampshire County Council for the provision of community rangers. The governance arrangements for the partnership with the Ninth Centenary Trust have been considered and approved by the Authority. The Authority also established three Local Information Points in partnership with local businesses to provide information about the national park for local communities and visitors. The Authority is also supporting the MOSAIC partnership which helps strengthen links between black and ethnic minority groups and national parks.
- 3.9 The Authority has adopted a Statement of Community Involvement, detailing how interested persons can participate in consultation on planning policies and applications within the National Park. In August 2008 the Authority launched a formal consultation on its draft National Park Plan and draft Recreation Management Strategy, involving press advertisements, direct distribution of over 2,250 (Park Plan) and 1,500 (RMS) copies, a feature in the residents' newsletter going to around 34,000 households and attending various events. In the first half of 2009, the Authority organised a further five working groups with key stakeholders and respondents to discuss issues arising from the consultation, alongside meetings with representatives of all Parish Councils, with key partners, and with Ward Councillors.

In addition the Authority has run a series of consultation events on new and proposed modifications to designated Conservation Areas in the National Park. The Authority routinely consults Parish Councils for their views on all planning applications - by providing them with an initial planning officer assessment alongside details of the application.

- 3.10 The Authority has adopted and maintained a complaints procedure to enable complaints about the Authority's activities to be considered and responded to. Information on how to use the complaints procedure is available via a complaints leaflet and the Authority's website. Information on complaints received is considered by the Authority's Management Board, Resources and Performance Committee and Standards Committee. Lessons for service improvement are identified wherever practicable.
- 3.11 The Authority reviewed the operation of its procedures enabling the public to address the Planning Development Sub-Committee on planning applications which affect them. A right of reply was introduced on a trial basis, with a view to making sure that members of the public felt they had had adequate opportunity to express their views before a decision was made. Feedback and evaluation has indicated that this has been successful, and the right of reply has therefore been made permanent.

4. Service delivery arrangements

- 4.1 The Authority aims to be clearly accountable for the effective delivery of services, through setting targets and measuring performance.
- 4.2 The Authority has adopted an appropriate management structure to deliver economic, efficient and effective services. Lead management responsibility for each service is allocated to the Chief Executive, a Director or Head of Unit, and management of services generally is overseen by the Authority's Management Board. Business Plans are developed for each service, and performance reviewed against targets specified.
- 4.3 A review of the provision of the Authority's financial services, including Chief Finance Officer, strategic financial advice, internal audit and accounting systems was completed and following a trial period from 1 May 2008, new arrangements were put in place for three years from 1 April 2009 through Service Level Agreements with Hampshire County Council and New Forest District Council. The Authority appointed Hampshire County Council to provide the services of Chief Finance Officer, provision of strategic financial advice and internal audit. New Forest District Council continues to provide accountancy services.
- 4.4 Management information is produced to assist with the measurement of performance. Budgetary control reports are reviewed monthly by the Management Board and on a regular basis by Resources and Performance Committee. The Chief Executive reports to the Authority on the development and performance of the Authority overall.

5. Structures and processes

- 5.1 The Authority has adopted arrangements to define the responsibilities of members and officers to ensure clarity and accountability in its business. A protocol on member and officer relations has been adopted, and training provided for members and officers.
- 5.2 Major strategic plans and policies receive consideration by members. A comprehensive scheme of delegation to officers has been approved by members, and makes clear that the role of officers is to implement and give effect to strategies and policies approved by the Authority.
- 5.3 In 2008-2009 the Authority held eight full meetings of the Authority, all of which were open to members of the press and public to attend and make presentments to (save for individual items of a sensitive nature properly considered in confidential session). Agendas and minutes of meetings are available for inspection by the public both at the Authority's offices and via the Authority's website. In May the Authority undertook a complete review of its Standing Orders, in light of experience in operation, and to ensure that these remained fit for purpose.
- 5.4 The Authority has maintained arrangements to ensure that its dealings are lawful and comply with financial regulations. The Authority continues to receive legal services from Hampshire County Council's Legal Practice under a service level agreement. In 2008/09, the provision of legal services by Hampshire County Council has been the subject of a fundamental corporate services review, as a result of which a number of service efficiency improvements have been identified. It is anticipated that the Authority will benefit from these under a renewed arrangement for legal services provision. The Legal Practice is Lexcel-accredited with the Law Society, confirming compliance with best practice requirements, and was most recently subject to independent inspection in December 2008. Solicitors consider all reports considered by members, and are present at meetings to give advice to members as required.
- 5.5 There have been a number of informal briefing and training sessions or members on various aspects of their responsibilities and developing policies.
- 5.6 The Authority has designated the roles of statutory officers. Lindsay Cornish, as Chief Executive, is National Park Officer and Head of Paid Service. Kevin Gardner, Head of Legal Practice with Hampshire County Council, was Monitoring Officer until May 2009. Barbara Beardwell, Deputy Head of Legal Services with Hampshire County Council was appointed Monitoring Officer from 29 May 2009. Paul Carey-Kent, Deputy County Treasurer with Hampshire County Council, is Chief Finance Officer.

6. Risk management and internal control

- 6.1 The Authority has established a systematic strategy, framework and processes for managing risk. A risk register is maintained, and reviewed on a monthly basis by the Management Board, and quarterly at meetings of the Resources and Performance Committee. This enables relevant risks to be identified and evaluated, with consideration given to appropriate mitigation strategies. The Financial Strategy and Budgets for 2009-2010 were subject to a specific risk assessment by the Chief Finance Officer.
- 6.2 Business continuity plans have been developed but have yet to be subject to a 'live test'.
- 6.3 As indicated above, solicitors consider all reports considered by members, and are present at meetings to give advice to members as required. This assists in ensuring that the Authority discharges its functions in accordance with the law. In 2008-2009 no formal reports by the Monitoring Officer, further to S.5 Local Government and Housing Act 1989, were necessary.
- 6.4 Members have a key role in providing assurance that the Authority's funds are used economically, efficiently and effectively in accordance with agreed policies. The financial strategy and budget is agreed annually by the Authority following scrutiny by, and budget monitoring reports are considered at meetings of, the Resources and Performance Committee. The Authority's accounts are subject to external audit on an annual basis and reported to the Authority at a public meeting.
- 6.5 Internal audit coverage was provided under a service level agreement by Hampshire County Council's Internal Audit Service. The Authority's external auditors, the Audit Commission, review the appropriateness of internal audit arrangements and accordingly place reliance on the work done. The coverage in 2008/2009 was wide-ranging, but though control weaknesses were identified in some areas these were not considered fundamental to the operation of the Authority.
- 6.6 The Authority has included the functions of an Audit Committee within the terms of reference of the Resources and Performance Committee.

7. Standards of Conduct

- 7.1 The Authority adopted a revised members' Code of Conduct in September 2007, and training for members on its implications was provided by the Monitoring Officer. Following detailed scrutiny by Standards Committee in December 2007, the Authority has also revised its Local Protocol for Members and Officers Dealing with Planning Matters, and Protocol on Member and Officer Relations, to reflect the provisions of the revised Code.

- 7.2 In May 2008, the Authority's Standards Committee assumed responsibility for assessing and determining allegations of failure to comply with the Members' Code of Conduct. New sub-committees were established, and detailed procedures agreed, to meet the new requirements, while relevant training was provided for Standards Committee members. Procedures for investigation and determination of breaches of local protocols were reviewed, to ensure these were consistent with those for local handling of Code of Conduct complaints.
- 7.3 The Standards Committee considered and approved a response to the Government's Consultation Paper on proposed revisions to the Code of Conduct for Members and on a new Code of Conduct for Employees.
- 7.4 All member meetings of the Authority commence with an item regarding declaration of personal and prejudicial interests, with signed records of interests declared kept with the minutes of the meeting. A Register of Members' Interests is maintained, in accordance with the Local Government Act 2000.
- 7.5 The Authority has also adopted policies on Anti-fraud and Corruption and Whistleblowing. Standing Orders on Contracts and Financial Regulations are in place and were reviewed and updated in the first half of 2009.
- 7.6 A Staff Code of Conduct is in place.

8. Significant governance issues

- 8.1 No significant governance issues have been identified.

Signed: Clive Chatters Chairman

Signed: Lindsay Cornish Chief Executive

Date: 25th June 2009

Independent auditor's report to the Members of New Forest National Park Authority

Opinion on the financial statements

I have audited the accounting statements and related notes of New Forest National Park Authority for the year ended 31 March 2009 under the Audit Commission Act 1998. The accounting statements comprise the Income and Expenditure Account, the Statement of Movement on the General Fund Balance, the Balance Sheet, the Statement of Total Recognised Gains and Losses, the Cash Flow Statement and the related notes. These accounting statements have been prepared under the accounting policies set out in the Statement of Accounting Policies.

This report is made solely to the members of New Forest National Park Authority in accordance with Part II of the Audit Commission Act 1998 and for no other purpose, as set out in paragraph 49 of the Statement of Responsibilities of Auditors and of Audited Bodies prepared by the Audit Commission.

Respective responsibilities of the Chief Finance Officer and auditor

The Chief Finance Officer's responsibilities for preparing the financial statements in accordance with relevant legal and regulatory requirements and the Code of Practice on Local Authority Accounting in the United Kingdom 2008 are set out in the Statement of Responsibilities for the Statement of Accounts.

My responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland). I report to you my opinion as to whether the accounting statements present fairly, in accordance with relevant legal and regulatory requirements and the Code of Practice on Local Authority Accounting in the United Kingdom 2008 the financial position of the Authority and its income and expenditure for the year.

I review whether the governance statement reflects compliance with 'Delivering Good Governance in Local Government: A Framework' published by CIPFA/SOLACE in June 2007. I report if it does not comply with proper practices specified by CIPFA/SOLACE or if the statement is misleading or inconsistent with other information I am aware of from my audit of the financial statements. I am not required to consider, nor have I considered, whether the governance statement covers all risks and controls. Neither am I required to form an opinion on the effectiveness of the Authority's corporate governance procedures or its risk and control procedures

I read other information published with the accounting statements, and consider whether it is consistent with the audited accounting statements. This other information comprises the Explanatory Foreword. I consider the implications for my report if I become aware of any apparent misstatements or material inconsistencies with the accounting statements. My responsibilities do not extend to any other information.

Basis of audit opinion

I conducted my audit in accordance with the Audit Commission Act 1998, the Code of Audit Practice issued by the Audit Commission and International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the accounting statements and related notes. It also includes an assessment of the significant estimates and judgments made by the Authority in the preparation of the accounting statements and related notes, and of whether the accounting policies are appropriate to the Authority's circumstances, consistently applied and adequately disclosed.

I planned and performed my audit so as to obtain all the information and explanations which I considered necessary in order to provide me with sufficient evidence to give reasonable assurance that the accounting statements and related notes are free from material misstatement, whether caused by fraud or other irregularity or error. In forming my opinion I also evaluated the overall adequacy of the presentation of information in the accounting statements and related notes.

Opinion

In my opinion the Authority's financial statements present fairly, in accordance with relevant legal and regulatory requirements and the Code of Practice on Local Authority Accounting in the United Kingdom 2008, the financial position of the Authority as at 31 March 2009 and its income and expenditure for the year then ended.

Conclusion on arrangements for securing economy, efficiency and effectiveness in the use of resources

Authority's Responsibilities

The Authority is responsible for putting in place proper arrangements to secure economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance and regularly to review the adequacy and effectiveness of these arrangements.

Auditor's Responsibilities

I am required by the Audit Commission Act 1998 to be satisfied that proper arrangements have been made by the Authority for securing economy, efficiency and effectiveness in its use of resources. The Code of Audit Practice issued by the Audit Commission requires me to report to you my conclusion in relation to proper arrangements, having regard to relevant criteria specified by the Audit Commission for other local government bodies. I report if significant matters have come to my attention which prevent me from concluding that the Authority has made such proper arrangements. I am not required to consider, nor have I considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

Conclusion

I have undertaken my audit in accordance with the Code of Audit Practice and having regard to the criteria for principal local authorities specified by the Audit Commission and published in May 2008 and updated in February 2009, and the supporting guidance, I am satisfied that, in all significant respects, New Forest National Park Authority made proper arrangements to secure economy, efficiency and effectiveness in its use of resources for the year ending 31 March 2009.

Certificate

I certify that I have completed the audit of the accounts in accordance with the requirements of the Audit Commission Act 1998 and the Code of Audit Practice issued by the Audit Commission.
