<a href="#">Future of Community Rail Strategy</a> This consultation seeks to build on existing community rail initiatives in the context of the Government's objectives for the rail industry. These include providing a world class services for passengers, delivering value for taxpayers, and supporting economic opportunities for all. We have engaged widely across the community rail sector to identify four key themes: <ul style="list-style-type: none"><li>• Connecting people to places and opportunities; • Integrating communities to create a fairer society and encourage diversity and inclusion;</li><li>• Supporting local and regional economies and sharing opportunities; and</li><li>• Suggesting innovative ways to improve the way the railway works, including productive use of underused or unused railway land and stations, and working more closely with heritage railways.</li></ul> The Lymington-Brockenhurst branch line is a designated community rail line.
