

Hordle Cliffs West

Enjoy a glorious seaside walk with views over the Solent.

Hordle Cliffs West

[2 miles / 3.2 km / 1-2 hours]

This lovely walk is along the cliff top from the car park in both directions. To the east, once you get to the Paddy's Gap car park, there is a long gentle slope down towards the White House, although this is less than 1:20 gradient.

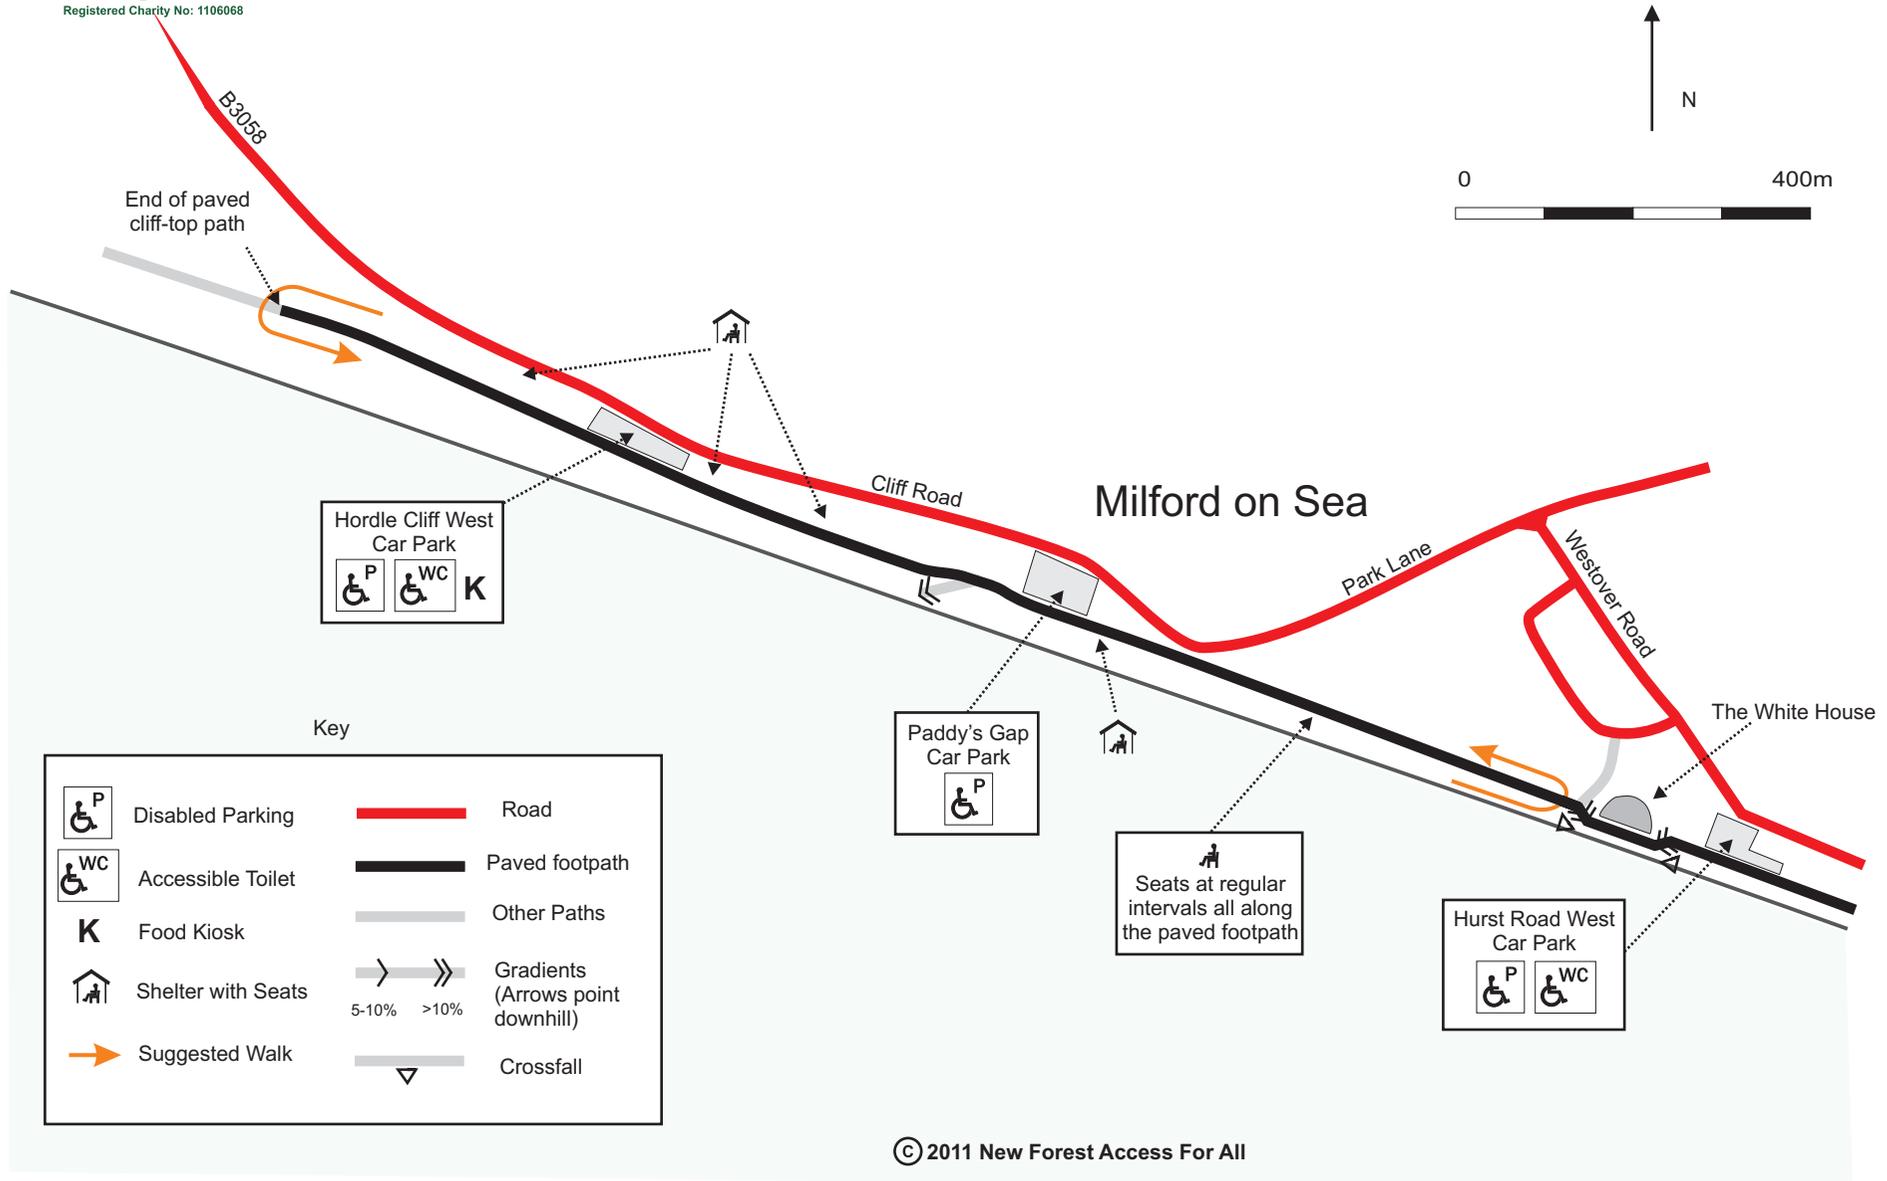

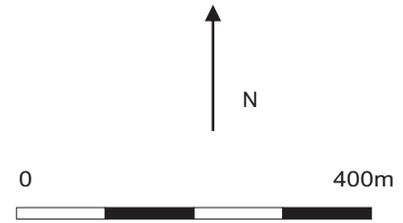

There are bench seats at frequent and regular intervals all along the coastal path, as well as the wooden or brick shelters with seating, marked on the map. This is a very easy walk with lovely views over the Solent and you can choose the length of the walk to suit your circumstances.
