

## Revised Schedule of Proposed Minor Modifications – 4 July 2018

Following the 6-week consultation on the National Park Authority’s proposed Submission draft Local Plan (Regulation 19 stage), the Authority considered the representations made and prepared a schedule of proposed minor modifications to the Local Plan, which were submitted for independent examination alongside the draft Local Plan in May 2018.

Following correspondence with the appointed Planning Inspectors in June and July 2018, the Authority has subsequently reviewed the schedule of proposed modifications. This schedule sets out the **Proposed Minor Modifications**, which in the Authority’s opinion do not alter the overall impact of the draft Local Plan or change its direction, or affect the substance or soundness of the document. They are focused on factual updates, clarification, and corrections to wording.

For each amendment, information on the proposed change and the reason for the change is given. Where new text is proposed it is shown in bold and where text is proposed for removal it has been struck through as set out below.
