G1	Prune 1 x Oak tree (T2) Prune 2 x Douglas Fir trees (T4 & T5) Prune group of Oak and Beech trees (G3)	Oak (T2) - Request to trim/prune branches and slight reduction in the height of the tree to maintain the health of the tree. Douglas Fir (T4) - Crown reduce to minimise the likelihood of branch failure as some came down in Autumn storm 2021. The tree is extremely high and currently blocks out light for our premises as well as impacting light on surrounding dwellings. Douglas Fir (T5) - Crown reduce to minimise the likelihood of branch failure as some came down in Autumn storm 2021 and make safe any that are still hanging precariously. The tree is extremely high and currently blocks out light for our premises as well as impacting light on surrounding dwellings. Group of Oak and Beech trees (G3) - Request for crown lifting and reduction of the lateral branches to provide above ground clearance. Request for crown thinning to prevent low branches from obstructing pathways. All of the above trees are beginning to dominate the side garden space and encroach towards the side of the house.
