New Forest National Park Authority

Audit planning report

Year ended 31 March 2020

January 2020

EY

Building a better working world

15 January 2020

Members of the Resources, Audit and Performance Committee,
New Forest National Park Authority,
Lymington Town Hall,
Avenue Road,
Lymington,
SO41 9ZG

Dear Committee Members

Audit planning report

We are pleased to attach our Audit Plan which sets out how we intend to carry out our responsibilities as auditor. Its purpose is to provide the Resources, Audit and Performance Committee with a basis to review our proposed audit approach and scope for the 2019/20 audit in accordance with the requirements of the Local Audit and Accountability Act 2014, the National Audit Office's 2015 Code of Audit Practice, the Statement of Responsibilities issued by Public Sector Audit Appointments (PSAA) Ltd, auditing standards and other professional requirements. It is also to ensure that our audit is aligned with the Committee's service expectations.

This plan summarises our initial assessment of the key risks driving the development of an effective audit for the National Park, and outlines our planned audit strategy in response to those risks.

This report is intended solely for the information and use of the Resources, Audit and Performance Committee and management, and is not intended to be and should not be used by anyone other than these specified parties.

We welcome the opportunity to discuss this report with you on 3rd February 2020 as well as understand whether there are other matters which you consider may influence our audit.

Yours faithfully

Kevin Suter

Associate Partner

For and on behalf of Ernst & Young LLP

Contents

Public Sector Audit Appointments Ltd (PSAA) issued the "Statement of responsibilities of auditors and audited bodies". It is available from the PSAA website (https://www.psaa.co.uk/audit-quality/statement-of-responsibilities/).The Statement of responsibilities serves as the formal terms of engagement between appointed auditors and audited bodies. It summarises where the different responsibilities of auditors and audited bodies begin and end, and what is to be expected of the audited body in certain areas.
The "Terms of Appointment and further guidance (updated April 2018)" issued by the PSAA sets out additional requirements that auditors must comply with, over and above those set out in the National Audit Office Code of Audit Practice (the Code) and in legislation, and covers matters of practice and procedure which are of a recurring nature.
This report is made solely to the Resources, Audit and Performance Committee and management of New Forest National Park Authority in accordance with the statement of responsibilities. Our work has been undertaken so that we might state to the Resources, Audit and Performance Committee, and management of New Forest National Park Authority those matters we are required to state to them in this report and for no other purpose. To the fullest extent permitted by law we do not accept or assume responsibility to anyone other than the Resources, Audit and Performance Committee and management of New Forest National Park Authority for this report or for the opinions we have formed. It should not be provided to any third-party without our prior written consent.

01 Overview of our 2019/20 audit strategy

Overview of our 2019/20 audit strategy

The following 'dashboard' summarises the significant accounting and auditing matters outlined in this report. It seeks to provide the Resources, Audit and Performance Committee with an overview of our initial risk identification for the upcoming audit and any changes in risks identified in the current year.

Audit risks and areas of focus

Risk / area of focus	Risk identified	Change from PY	Details
Misstatements due to fraud or error	Fraud risk	No change in risk or focus	As identified in ISA 240, management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records directly or indirectly and prepare fraudulent financial statements by overriding controls that would otherwise appear to be operating effectively. In addition to our overall response, we consider where these risks may manifest themselves and identify separate fraud risks as necessary below.
Risk of fraud in revenue recognition – inappropriate capitalization of revenue expenditure	Fraud risk	No change in risk or focus	Under ISA240 there is a presumed risk that revenue may be misstated due to improper recognition of revenue. In the public sector, this requirement is modified by Practice Note 10, issued by the Financial Reporting Council, which states that auditors should also consider the risk that material misstatements may occur by the manipulation of expenditure recognition. Our judgement is the significant risk at the Authority relates to the improper capitalisation of revenue expenditure.
Pension Liability Valuation	Inherent risk	No change in risk or focus	The Local Authority Accounting Code of Practice and IAS19 require the Authority to make extensive disclosures within its financial statements regarding its membership of the Local Government Pension Scheme administered by Hampshire County Council. The Authority's pension fund liability is a material estimated balance and the Code requires that this asset be disclosed on the Authority's balance sheet. The information disclosed is based on the IAS 19 report issued to the Authority by the actuary Aon Hewitt. Accounting for this scheme involves significant estimation and judgement and therefore management engages an actuary to undertake the calculations on their behalf. ISAs (UK and Ireland) 500 and 540 require us to undertake procedures on the use of management experts and the assumptions underlying fair value estimates.

Overview of our 2019/20 audit strategy (continued)

Risk / area of focus	Risk identified	Change from PY	Details
Valuation of Land and Buildings	Inherent risk	No change in risk or focus	The fair value of Property, Plant and Equipment (PPE) represents a significant balance in the Authority's accounts and are subject to valuation changes, impairment reviews and depreciation charges. Management is required to make material judgements and apply estimation techniques to calculate the year-end balances recorded in the balance sheet.

Materiality

Planning materiality £111k

Materiality has been set at £111k, which represents 2% of the prior years gross expenditure on provision of services.

Performance materiality £83k

Performance materiality has been set at £83k, which represents 75% of Planning materiality.

Audit differences £6k

We will report all uncorrected misstatements relating to the primary statements (comprehensive income and expenditure statement, balance sheet, movement in reserves statement and cash flow statement) greater than £6k. Other misstatements identified will be communicated to the extent that they merit the attention of the Resources, Audit and Performance Committee.

Overview of our 2019/20 audit strategy

Audit scope

This Audit Plan covers the work that we plan to perform to provide you with:

- Our audit opinion on whether the financial statements of New Forest National Park Authority give a true and fair view of the financial position as at 31 March 2020 and of the income and expenditure for the year then ended; and

- Our conclusion on the Authority's arrangements to secure economy, efficiency and effectiveness.

We will also review and report to the National Audit Office (NAO), to the extent and in the form required by them, on the Authority's Whole of Government Accounts return.

Our audit will also include the mandatory procedures that we are required to perform in accordance with applicable laws and auditing standards.

When planning the audit we take into account several key inputs:

- Strategic, operational and financial risks relevant to the financial statements;
- Developments in financial reporting and auditing standards;
- The quality of systems and processes;
- Changes in the business and regulatory environment; and,
- Management's views on all of the above.

By considering these inputs, our audit is focused on the areas that matter and our feedback is more likely to be relevant to the Authority.

We will provide an update to the Authority on the results of our work in these areas in our report to those charged with governance scheduled for delivery in July 2020.

Taking the above into account, and as articulated in this audit plan, our professional responsibilities require us to independently assess the risks associated with providing an audit opinion and undertake appropriate procedures in response to that. Our Terms of Appointment with PSAA allow them to vary the fee dependent on "the auditors assessment of risk and the work needed to meet their professional responsibilities". PSAA are aware that the setting of scale fees has not kept pace with the changing requirements of external audit with increased focus on, for example, the valuations of land and buildings, the auditing of groups, the valuation of pension obligations, the introduction of new accounting standards such as IFRS 9, 15 and 16 in recent years as well as the expansion of factors impacting the value for money conclusion. Therefore to the extent any of these are relevant in the context of New Forest National Park Authority's audit, we will discuss these with management as to the impact on the scale fee.

Audit team changes

No changes to the audit team from prior year.

02 Audit risks

Our response to significant risks

We have set out the significant risks (including fraud risks denoted by*) identified for the current year audit along with the rationale and expected audit approach. The risks identified below may change to reflect any significant findings or subsequent issues we identify during the audit.

Misstatements due to fraud or error*

What is the risk?

The financial statements as a whole are not free of material misstatements whether caused by fraud or error.

As identified in ISA (UK) 240, management is in a unique position to perpetrate fraud because of its ability to manipulate accounting records directly or indirectly and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively.

We identify and respond to this fraud risk on every audit engagement.

What will we do?

We will undertake our standard procedures to address fraud risk, which include:

- Inquiry of management about risks of fraud and the controls put in place to address those risks.
- Understanding the oversight given by those charged with governance of management's processes over fraud.
- Consideration of the effectiveness of management's controls designed to address the risk of fraud.

Performing mandatory procedures regardless of specifically identified fraud risks, including:

- Testing the appropriateness of journal entries recorded in the general ledger and other adjustments made in the preparation of the financial statements
- Assessing accounting estimates for evidence of management bias, and
- Evaluating the business rationale for significant unusual transactions.

Our response to significant risks (continued)

We have set out the significant risks (including fraud risks denoted by*) identified for the current year audit along with the rationale and expected audit approach. The risks identified below may change to reflect any significant findings or subsequent issues we identify during the audit.

Risk of fraud in revenue recognition - inappropriate capitalisation of revenue expenditure*

Financial statement impact

Inappropriate capitalization of revenue expenditure would decrease the net expenditure from the general fund, and increase the value of non-current assets.

What is the risk?

Under ISA 240 there is a presumed risk that revenue may be misstated due to improper revenue recognition. In the public sector, this requirement is modified by Practice Note 10 issued by the Financial Reporting Council, which states that auditors should also consider the risk that material misstatements may occur by the manipulation of expenditure recognition.

From our risk assessment, we have assessed that the risk manifest itself solely through the inappropriately capitalisation of revenue expenditure to improve the financial position of the general fund.

Capitalized revenue expenditure can be funded through borrowing with only minimal MRP charges recorded in the general fund, deferring the expenditure for 30+ years when the borrowing is repaid. Alternately, other sources such as capital receipts or grants could be inappropriately used to finance the expenditure.

Inappropriate classification of revenue expenditure as REFCUS (revenue expenditure funded by capital under statute) could also have the same impact, removing the spend incorrectly from the general fund through applying statutory overrides.

What will we do?

Our approach will focus on:

► For significant PPE additions we will examine invoices, capital expenditure authorisations, leases and other data that support these additions. We review the sample selected against the definition of capital expenditure in IAS 16.

► Reviewing the appropriateness of items classified as REFCUS

► We will extended our testing of items capitalized in the year by lowering our testing threshold. We will also review a larger random sample of capital additions below our testing threshold.

► Journal testing – we will use our testing of Journals to identify high risk transactions, such as items originally recorded as revenue expenditure and subsequently capitalised or reclassified as REFCUS.

Other areas of audit focus

We have identified other areas of the audit, that have not been classified as significant risks, but are still important when considering the risks of material misstatement to the financial statements and disclosures and therefore may be key audit matters we will include in our audit report.

What is the risk/area of focus?	What will we do?
Valuation of Land and Buildings The fair value of Property, Plant and Equipment (PPE) represent significant balances in the Authority's accounts and are subject to valuation changes, impairment reviews and depreciation charges. Management is required to make material judgemental inputs and apply estimation techniques to calculate the year-end balances recorded in the balance sheet.	We will: • Consider the work performed by the Authority's valuers, including the adequacy of the scope of the work performed, their professional capabilities and the results of their work; • Sample testing key asset information used by the valuers in performing their valuation (e.g. floor plans to support valuations based on price per square metre); • Consider the annual cycle of valuations to ensure that assets have been valued within a 5 year rolling programme as required by the Code for PPE and annually for IP. We have also considered if there are any specific changes to assets that have occurred and that these have been communicated to the valuer; • Review assets not subject to valuation in 2019/20 to confirm that the remaining asset base is not materially misstated; • Consider changes to useful economic lives as a result of the most recent valuation; and • Test accounting entries have been correctly processed in the financial statements.
Pension Liability Valuation The Local Authority Accounting Code of Practice and IAS19 require the Authority to make extensive disclosures within its financial statements regarding its membership of the Local Government Pension Scheme administered by Hampshire County Council. The Authority's pension fund deficit is a material estimated balance and the Code requires that this liability be disclosed on the Authority's balance sheet. At 31 March 2019 this totalled £6.447 million. The information disclosed is based on the IAS 19 report issued to the Authority by the actuary to the County Council. Accounting for this scheme involves significant estimation and judgement and therefore management engages an actuary to undertake the calculations on their behalf. ISAs (UK) 500 and 540 require us to undertake procedures on the use of management experts and the assumptions underlying fair value estimates.	We will: • Liaise with the auditors of Hampshire Pension Fund, to obtain assurances over the information supplied to the actuary in relation to New Forest National Park Authority; • Assess the work of the Pension Fund actuary (Aon Hewitt) including the assumptions they have used by relying on the work of PWC - Consulting Actuaries commissioned by the National Audit Office for all Local Government sector auditors, and considering any relevant reviews by the EY actuarial team; and • Review and test the accounting entries and disclosures made within the Authority's financial statements in relation to IAS19.

03 Value for Money Risks

Value for Money

Background

We are required to consider whether the Authority has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources. This is known as our value for money conclusion.

For 2019/20 this is based on the overall evaluation criterion:

"In all significant respects, the audited body had proper arrangements to ensure it took properly informed decisions and deployed resources to achieve planned and sustainable outcomes for taxpayers and local people"

Proper arrangements are defined by statutory guidance issued by the National Audit Office. They comprise your arrangements to:

- Take informed decisions;
- Deploy resources in a sustainable manner; and
- Work with partners and other third parties.

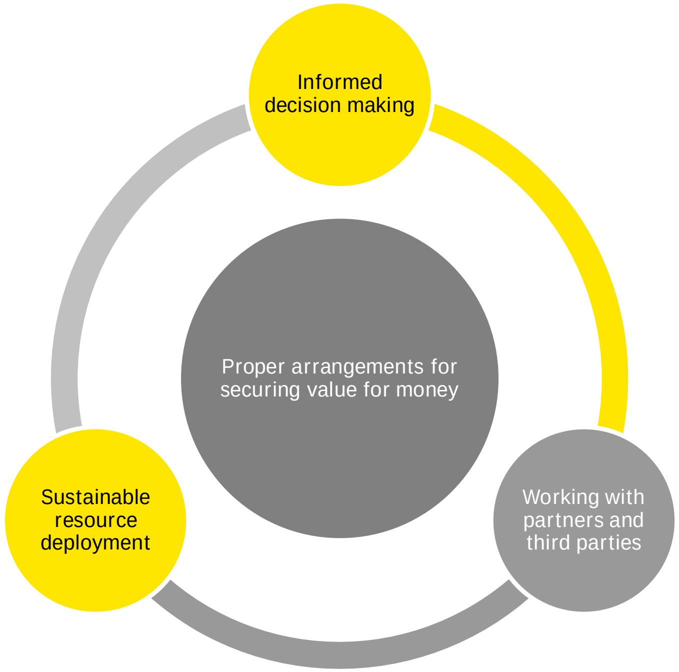
In considering your proper arrangements, we will draw on the requirements of the CIPFA/SOLACE framework for local government to ensure that our assessment is made against a framework that you are already required to have in place and to report on through documents such as your annual governance statement.

We are only required to determine whether there are any risks that we consider significant, which the Code of Audit Practice defines as:

"A matter is significant if, in the auditor's professional view, it is reasonable to conclude that the matter would be of interest to the audited body or the wider public"

Our risk assessment supports the planning of sufficient work to enable us to deliver a safe conclusion on arrangements to secure value for money and enables us to determine the nature and extent of further work that may be required. If we do not identify any significant risks there is no requirement to carry out further work. We consider business and operational risks insofar as they relate to proper arrangements at both sector and organisation-specific level.

Our risk assessment has therefore considered both the potential financial impact of the issues we have identified, and also the likelihood that the issue will be of interest to local taxpayers, the Government and other stakeholders. This has resulted in the identification of no significant risks which we view as relevant to our value for money conclusion.

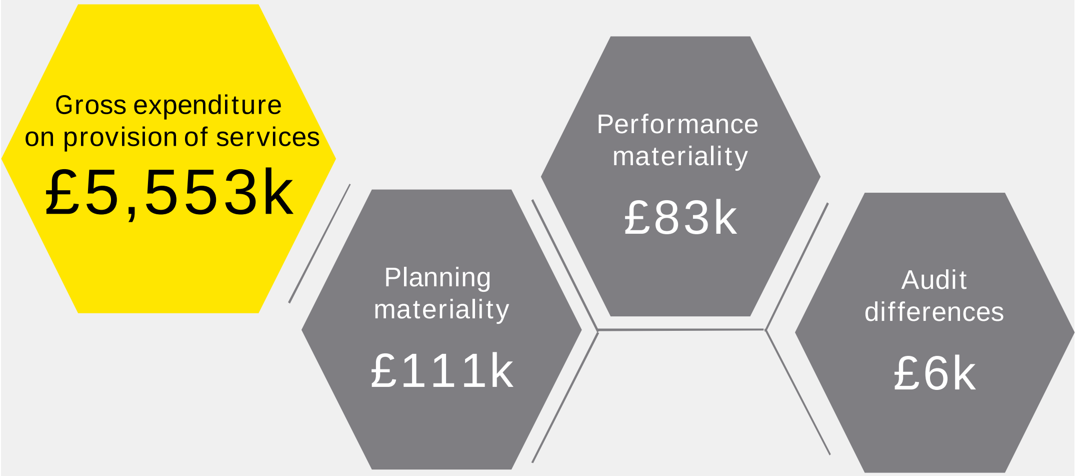


04 Audit materiality

Materiality

Materiality

For planning purposes, materiality for 2019/20 has been set at £111k. This represents 2% of the Authority's prior year gross expenditure on provision of services. It will be reassessed throughout the audit process.



We request that the Resources, Audit and Performance Committee confirm its understanding of, and agreement to, these materiality and reporting levels.

Key definitions

Planning materiality – the amount over which we anticipate misstatements would influence the economic decisions of a user of the financial statements.

Performance materiality – the amount we use to determine the extent of our audit procedures. We have set performance materiality at £83k which represents 75% of planning materiality.

Audit difference threshold – we propose that misstatements identified below this threshold are deemed clearly trivial. We will report to you all uncorrected misstatements over this amount relating to the comprehensive income and expenditure statement and balance sheet that have an effect on income or that relate to other comprehensive income.

Other uncorrected misstatements, such as reclassifications and misstatements in the cashflow statement and movement in reserves statement or disclosures, and corrected misstatements will be communicated to the extent that they merit the attention of the resources, audit and performance committee, or are important from a qualitative perspective.

05 Scope of our audit

Our Audit Process and Strategy

Objective and Scope of our Audit scoping

Under the Code of Audit Practice our principal objectives are to review and report on the Authority's financial statements and arrangements for securing economy, efficiency and effectiveness in its use of resources to the extent required by the relevant legislation and the requirements of the Code.

We issue an audit report that covers:

1. Financial statement audit

Our objective is to form an opinion on the financial statements under International Standards on Auditing (UK).

We also perform other procedures as required by auditing, ethical and independence standards, the Code and other regulations. We outline below the procedures we will undertake during the course of our audit.

Procedures required by standards
- Addressing the risk of fraud and error;
- Significant disclosures included in the financial statements;
- Entity-wide controls;
- Reading other information contained in the financial statements and reporting whether it is inconsistent with our understanding and the financial statements; and
- Auditor independence.

Procedures required by the Code
- Reviewing, and reporting on as appropriate, other information published with the financial statements, including the Annual Governance Statement; and
- Reviewing and reporting on the Whole of Government Accounts return, in line with the instructions issued by the NAO

2. Arrangements for securing economy, efficiency and effectiveness (value for money)

We are required to consider whether the Authority has put in place 'proper arrangements' to secure economy, efficiency and effectiveness on its use of resources.

Our Audit Process and Strategy (continued)

Audit Process Overview

Our audit involves:

- Identifying and understanding the key processes and internal controls; and
- Substantive tests of detail of transactions and amounts.

For 2019/20 we plan to follow a substantive approach to the audit as we have concluded this is the most efficient way to obtain the level of audit assurance required to conclude that the financial statements are not materially misstated.

Analytics:
We will use our computer-based analytics tools to enable us to capture whole populations of your financial data, in particular journal entries. These tools:

- Help identify specific exceptions and anomalies which can then be subject to more traditional substantive audit tests; and
- Give greater likelihood of identifying errors than random sampling techniques.

We will report the findings from our process and analytics work, including any significant weaknesses or inefficiencies identified and recommendations for improvement, to management and the Resources, Audit and Performance Committee.

Internal audit:
We review internal audit plans and the results of their work. We will reflect the findings from these reports, together with reports from any other work completed in the year, in our detailed audit plan, where they raise issues that could have an impact on the financial statements.

06 Audit team

Audit team

Audit team structure:

Kevin Suter
Associate Partner

James Stuttaford
Manager

Joe Ross-Willmore
Senior

Use of specialists

When auditing key judgements, we are often required to rely on the input and advice provided by specialists who have qualifications and expertise not possessed by the core audit team. The areas where either EY or third party specialists provide input for the current year audit are:

Area	Specialists
Valuation of Land and Buildings	Hampshire County Council Valuers
Pensions disclosure	Management Specialist – AoN Hewitt PwC (Consulting Actuary to the NAO) EY Specialist - EY actuaries

In accordance with Auditing Standards, we will evaluate each specialist's professional competence and objectivity, considering their qualifications, experience and available resources, together with the independence of the individuals performing the work.

We also consider the work performed by the specialist in light of our knowledge of the Authority's business and processes and our assessment of audit risk in the particular area. For example, we would typically perform the following procedures:

- Analyse source data and make inquiries as to the procedures used by the specialist to establish whether the source data is relevant and reliable;
- Assess the reasonableness of the assumptions and methods used;
- Consider the appropriateness of the timing of when the specialist carried out the work; and
- Assess whether the substance of the specialist's findings are properly reflected in the financial statements.

07 Audit timeline

Audit timeline

Timetable of communication and deliverables

Timeline

Below is a timetable showing the key stages of the audit and the deliverables we have agreed to provide to you through the audit cycle in 2019/20.

From time to time matters may arise that require immediate communication with the Resources, Audit and Performance Committee and we will discuss them with the Resources, Audit and Performance Committee Chair as appropriate. We will also provide updates on corporate governance and regulatory matters as necessary.

Audit phase	Timetable	Committee timetable	Deliverables
Planning: Risk assessment and setting of scopes. Walkthrough of key systems and processes	December		
	January		
	February	Resources, Audit and Performance Committee	Audit Planning Report
Interim audit testing Walkthrough of key systems and processes	March		
	April		
	May		
Year end audit Audit Completion procedures	June		
	July	Authority Meeting	Audit Results Report Audit opinions and completion certificates
	Autumn	Authority Meeting	Annual Audit Letter

08 Independence

Introduction

The FRC Ethical Standard and ISA (UK) 260 “Communication of audit matters with those charged with governance”, requires us to communicate with you on a timely basis on all significant facts and matters that bear upon our integrity, objectivity and independence. The Ethical Standard, as revised in June 2016, requires that we communicate formally both at the planning stage and at the conclusion of the audit, as well as during the course of the audit if appropriate. The aim of these communications is to ensure full and fair disclosure by us to those charged with your governance on matters in which you have an interest.

Required communications	
Planning stage	**Final stage**
▸ The principal threats, if any, to objectivity and independence identified by Ernst & Young (EY) including consideration of all relationships between the you, your affiliates and directors and us; ▸ The safeguards adopted and the reasons why they are considered to be effective, including any Engagement Quality review; ▸ The overall assessment of threats and safeguards; ▸ Information about the general policies and process within EY to maintain objectivity and independence. ▸ Where EY has determined it is appropriate to apply more restrictive independence rules than permitted under the Ethical Standard	▸ In order for you to assess the integrity, objectivity and independence of the firm and each covered person, we are required to provide a written disclosure of relationships (including the provision of non-audit services) that may bear on our integrity, objectivity and independence. This is required to have regard to relationships with the entity, its directors and senior management, its affiliates, and its connected parties and the threats to integrity or objectivity, including those that could compromise independence that these create. We are also required to disclose any safeguards that we have put in place and why they address such threats, together with any other information necessary to enable our objectivity and independence to be assessed; ▸ Details of non-audit services provided and the fees charged in relation thereto; ▸ Written confirmation that the firm and each covered person is independent and, if applicable, that any non-EY firms used in the group audit or external experts used have confirmed their independence to us; ▸ Written confirmation that all covered persons are independent; ▸ Details of any inconsistencies between FRC Ethical Standard and your policy for the supply of non-audit services by EY and any apparent breach of that policy; ▸ Details of any contingent fee arrangements for non-audit services provided by us or our network firms; and ▸ An opportunity to discuss auditor independence issues.

In addition, during the course of the audit, we are required to communicate with you whenever any significant judgements are made about threats to objectivity and independence and the appropriateness of safeguards put in place, for example, when accepting an engagement to provide non-audit services.

We also provide information on any contingent fee arrangements , the amounts of any future services that have been contracted, and details of any written proposal to provide non-audit services that has been submitted;

We ensure that the total amount of fees that EY and our network firms have charged to you and your affiliates for the provision of services during the reporting period, analysed in appropriate categories, are disclosed.

Relationships, services and related threats and safeguards

We highlight the following significant facts and matters that may be reasonably considered to bear upon our objectivity and independence, including the principal threats, if any. We have adopted the safeguards noted below to mitigate these threats along with the reasons why they are considered to be effective. However we will only perform non –audit services if the service has been pre-approved in accordance with your policy.

Overall Assessment

Overall, we consider that the safeguards that have been adopted appropriately mitigate the principal threats identified and we therefore confirm that EY is independent and the objectivity and independence of Kevin Suter, your audit engagement partner and the audit engagement team have not been compromised.

Self interest threats

A self interest threat arises when EY has financial or other interests in the Authority. Examples include where we receive significant fees in respect of non-audit services; where we need to recover long outstanding fees; or where we enter into a business relationship with you. At the time of writing, there are no long outstanding fees.

We believe that it is appropriate for us to undertake permissible non-audit services and we will comply with the policies that you have approved.

None of the services are prohibited under the FRC's ES or the National Audit Office's Auditor Guidance Note 01 and the services have been approved in accordance with your policy on pre-approval. The ratio of non audit fees to audits fees is not permitted to exceed 70%.

At the time of writing, we have not undertaken any non-audit work, therefore no additional safeguards are required.

A self interest threat may also arise if members of our audit engagement team have objectives or are rewarded in relation to sales of non-audit services to you. We confirm that no member of our audit engagement team, including those from other service lines, has objectives or is rewarded in relation to sales to you, in compliance with Ethical Standard part 4.

There are no other self interest threats at the date of this report.

Self review threats

Self review threats arise when the results of a non-audit service performed by EY or others within the EY network are reflected in the amounts included or disclosed in the financial statements.

There are no self review threats at the date of this report.

Management threats

Partners and employees of EY are prohibited from taking decisions on behalf of management of the Authority. Management threats may also arise during the provision of a non-audit service in relation to which management is required to make judgements or decision based on that work.

There are no management threats at the date of this report.

Relationships, services and related threats and safeguards

Other threats

Other threats, such as advocacy, familiarity or intimidation, may arise.

There are no other threats at the date of this report.

Other communications

EY Transparency Report 2019

Ernst & Young (EY) has policies and procedures that instil professional values as part of firm culture and ensure that the highest standards of objectivity, independence and integrity are maintained.

Details of the key policies and processes in place within EY for maintaining objectivity and independence can be found in our annual Transparency Report which the firm is required to publish by law. The most recent version of this Report is for the year ended 30 June 2019 and can be found here:

https://www.ey.com/en_uk/who-we-are/transparency-report-2019

09 Appendices

Fees

Public Sector Audit Appointments Ltd (PSAA) has published the fee scale for the audit of the 2019/20 accounts of opted-in principal local government and police bodies.

This is defined as the fee required by auditors to meet statutory responsibilities under the Local Audit and Accountability Act 2014 in accordance with the requirements of the Code of Audit Practice and supporting guidance published by the National Audit Office, the financial reporting requirements set out in the Code of Practice on Local Authority Accounting published by CIPFA/LASAAC, and the professional standards applicable to auditors' work.

	Planned fee 2019/20	Scale fee 2019/20	Final Fee 2018/19
	£	£	£
Total Fee – Code work	10,228	10,228*	10,228
Total fees	10,228	10,228	10,228

All fees exclude VAT

* For 2019/20 the scale fee may be impacted by a range of factors (see page 7), which we will update the committee on, as the audit progresses

The agreed fee presented is based on the following assumptions:

► Officers meeting the agreed timetable of deliverables;

► Our accounts opinion and value for money conclusion being unqualified;

► Appropriate quality of documentation is provided by the Authority; and

► The Authority has an effective control environment.

If any of the above assumptions prove to be unfounded, we will seek a variation to the agreed fee. This will be discussed with the Authority in advance.

Fees for the auditor's consideration of correspondence from the public and formal objections will be charged in addition to the scale fee.

Appendix B

Required communications with Those Charged with Governance

We have detailed the communications that we must provide to the Resources, Audit and Performance Committee.

		Our Reporting to you
Required communications	What is reported?	When and where
Terms of engagement	Confirmation by the Resources, Audit and Performance Committee of acceptance of terms of engagement as written in the engagement letter signed by both parties.	The statement of responsibilities serves as the formal terms of engagement between the PSAA's appointed auditors and audited bodies.
Our responsibilities	Reminder of our responsibilities as set out in the engagement letter	The statement of responsibilities serves as the formal terms of engagement between the PSAA's appointed auditors and audited bodies.
Planning and audit approach	Communication of the planned scope and timing of the audit, any limitations and the significant risks identified.	Audit planning report
Significant findings from the audit	• Our view about the significant qualitative aspects of accounting practices including accounting policies, accounting estimates and financial statement disclosures • Significant difficulties, if any, encountered during the audit • Significant matters, if any, arising from the audit that were discussed with management • Written representations that we are seeking • Expected modifications to the audit report • Other matters if any, significant to the oversight of the financial reporting process	Audit results report
Going concern	Events or conditions identified that may cast significant doubt on the entity's ability to continue as a going concern, including: • Whether the events or conditions constitute a material uncertainty • Whether the use of the going concern assumption is appropriate in the preparation and presentation of the financial statements • The adequacy of related disclosures in the financial statements	Audit results report
Misstatements	• Uncorrected misstatements and their effect on our audit opinion, unless prohibited by law or regulation • The effect of uncorrected misstatements related to prior periods • A request that any uncorrected misstatement be corrected • Corrected misstatements that are significant • Material misstatements corrected by management	Audit results report

Required communications with Those Charged with Governance

		Our Reporting to you
Required communications	What is reported?	When and where
Fraud	• Enquiries of the Resources, Audit and Performance Committee to determine whether they have knowledge of any actual, suspected or alleged fraud affecting the entity • Any fraud that we have identified or information we have obtained that indicates that a fraud may exist • A discussion of any other matters related to fraud	Audit results report
Related parties	• Significant matters arising during the audit in connection with the entity's related parties including, when applicable: • Non-disclosure by management • Inappropriate authorisation and approval of transactions • Disagreement over disclosures • Non-compliance with laws and regulations • Difficulty in identifying the party that ultimately controls the entity	Audit results report
Independence	Communication of all significant facts and matters that bear on EY's, and all individuals involved in the audit, objectivity and independence Communication of key elements of the audit engagement partner's consideration of independence and objectivity such as: • The principal threats • Safeguards adopted and their effectiveness • An overall assessment of threats and safeguards • Information about the general policies and process within the firm to maintain objectivity and independence	Audit Planning Report and Audit Results Report
External confirmations	• Management's refusal for us to request confirmations • Inability to obtain relevant and reliable audit evidence from other procedures	Audit results report

Appendix B

Required communications with Those Charged with Governance

		Our Reporting to you
Required communications	What is reported?	When and where
Consideration of laws and regulations	• Audit findings regarding non-compliance where the non-compliance is material and believed to be intentional. This communication is subject to compliance with legislation on tipping off • Enquiry of the Resources, Audit and Performance Committee into possible instances of non-compliance with laws and regulations that may have a material effect on the financial statements and that the Resources, Audit and Performance Committee may be aware of	Audit results report
Internal controls	• Significant deficiencies in internal controls identified during the audit	Audit results report
Representations	Written representations we are requesting from management and/or those charged with governance	Audit results report
Material inconsistencies and misstatements	Material inconsistencies or misstatements of fact identified in other information which management has refused to revise	Audit results report
Auditors report	• Any circumstances identified that affect the form and content of our auditor's report	Audit results report
Fee Reporting	• Breakdown of fee information when the audit plan is agreed • Breakdown of fee information at the completion of the audit • Any non-audit work	Audit planning report Audit results report

Appendix C

Additional audit information

Other required procedures during the course of the audit
In addition to the key areas of audit focus outlined in section 2, we have to perform other procedures as required by auditing, ethical and independence standards and other regulations. We outline the procedures below that we will undertake during the course of our audit.

Our responsibilities required by auditing standards	• Identifying and assessing the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. • Obtaining an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. • Evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management. • Concluding on the appropriateness of management's use of the going concern basis of accounting. • Evaluating the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation. • Obtaining sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Authority to express an opinion on the consolidated financial statements. Reading other information contained in the financial statements, the Resources, Audit and Performance Committee reporting appropriately addresses matters communicated by us to the Resources, Audit and Performance Committee and reporting whether it is materially inconsistent with our understanding and the financial statements; and • Maintaining auditor independence.

Additional audit information (continued)

Purpose and evaluation of materiality

For the purposes of determining whether the accounts are free from material error, we define materiality as the magnitude of an omission or misstatement that, individually or in the aggregate, in light of the surrounding circumstances, could reasonably be expected to influence the economic decisions of the users of the financial statements. Our evaluation of it requires professional judgement and necessarily takes into account qualitative as well as quantitative considerations implicit in the definition. We would be happy to discuss with you your expectations regarding our detection of misstatements in the financial statements.

Materiality determines:

- The locations at which we conduct audit procedures to support the opinion given on the financial statements; and
- The level of work performed on individual account balances and financial statement disclosures.

The amount we consider material at the end of the audit may differ from our initial determination. At this stage, however, it is not feasible to anticipate all of the circumstances that may ultimately influence our judgement about materiality. At the end of the audit we will form our final opinion by reference to all matters that could be significant to users of the accounts, including the total effect of the audit misstatements we identify, and our evaluation of materiality at that date.
