

Adoption of the revised Hyde Village Design Statement Supplementary Planning Document (SPD)

ADOPTION STATEMENT

In accordance with Regulations 11 and 14 of the Town & Country Planning (Local Development) (England) Regulations 2012 (as amended), notice is hereby given that the New Forest National Park Authority formally adopted the revised Hyde Village Design Statement Supplementary Planning Document (SPD) on 14 July 2022. This adoption relates to the area of Hyde parish that falls within the New Forest National Park and therefore within the National Park Authority's planning jurisdiction.

The revised Village Design Statement provides advice to protect and preserve the character of Hyde parish. The measure of the success of the Village Design Statement will be the extent to which new buildings sit in harmony with the environment of Hyde. It is applicable across the area of Hyde Parish within the New Forest National Park. It conforms with, and supplements, the adopted New Forest National Park Local Plan (2019) and the National Park Design Guide SPD (2022).

The revised Hyde Village Design Statement SPD comes into effect immediately and replaces the previous Village Design Statement (June 2012) in full. It is a material consideration in the determination of planning applications and appeals within the area of the Hyde parish within the boundary of the New Forest National Park.

The revised draft Hyde Village Design Statement SPD was subject to a 6-week consultation between 6 May and 17 June 2022. A summary of the main issues raised during this consultation and how they were taken into account in the revised Village Design Statement is set out in the Consultation Statement. Any person with sufficient interest in our decision to adopt the revised Hyde Village Design Statement SPD may apply to the High Court for permission to apply for a judicial review of that decision. Any such application must be made promptly and in any event, not later than 14 October 2022 (3 months after the date of adoption).
