

England Coast Path Public Drop-in Sessions – South Hub

Natural England is implementing a long distance walking route along the whole coast of England – the England Coast Path. It is being established as a result of the Marine and Coastal Access Act 2009. We are doing this by steadily working outwards from a number of initial ‘hubs’ we have established.

As part of the process we intend to hold drop-in sessions from the 3rd March to the 21st April 2016 where members of the public and other interested parties can attend and meet the team to discuss how the coast path is developing and any opportunities, concerns and aspirations they have.

Below is a list of drop-in locations and times, these are **between times no need to come at the start:** -
